

AIR CONDITIONER

THE VEHICLE AIR CONDITIONING SPECIALIST

AIRVA 2400

ROOFTOP AIR CONDITIONER

**Powerful
Efficient
Lightweight**

The Airva 2400 has been specially conceived for motorhomes and caravans. It is a very light, low profile, nice looking, quite and energy saving unit. It can be easily installed replacing a skylight.

Thanks to its 2400 W cooling and heating capacity, you will appreciate it not only in the summer but also in spring and Autumn.

Conceived and manufactured in France, the Airva 2400 ranks among the highest quality air conditioners of its category. This unit is delivered with a remote control. It is easy to install and to maintain.

Its efficiency makes it possible for a use while driving if connected to your battery and with the recommended energy kit.
