

AIR CONDITIONER

THE VEHICLE AIR CONDITIONING SPECIALIST

AIRVA 3500

ROOFTOP AIR CONDITIONER

Powerful
Efficient
Lightweight

Thanks to its 3,5 KW cooling and heating performance, The Airva 3500 can equally be fitted on OB vans, rescue vehicles or large motorhomes.

It is very light, very low, efficient, nice looking, quiet, energy saving and can be easily installed at the place of your skylight.

Conceived and manufactured in France, the Airva 3500 ranks among the highest quality air conditioners of it's category. This unit is delivered with a remote control. It is easy to install and to maintain.

It's efficiency makes it possible for a use while driving if connected to your battery and with the recommended energy kit.
