

Sparrow

A full-featured, lightweight yet powerful and efficient roof top air conditioner

Lightweight Lowprofile Efficient

The Sparrow is the ideal roof top air conditioner for any small van, from a camper trailer through to pop-tops and small caravans.

It is lightweight and fully featured with electronic remote control and power-packed with 2.2kW of heating and 2.0kW of cooling.

The reverse-cycle units also have our unique electronic defrost that allows them to operate at temperatures as low as -5°C.

- Flip-down electronic climate-control LED control panel.
- Full-function remote control with sleep timer and dehumidifying functions.
- Super strong and lightweight UV stabilised polypropylene chassis and canopy.
