

AIRVA T1

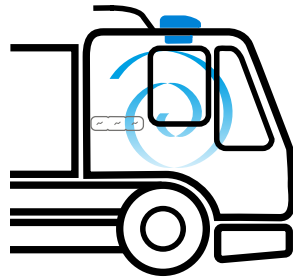

TRUCK 24V ROOFTOP AC

The AIRVA T1 is a rooftop air conditioner specially designed for truck sleeping cabins.

It is easy to install and can be adapted on all types of roof hatches thanks to the specific adaption kits.

The AIRVA T1 is pre-charged with eco-friendly R134a refrigerant. It can be installed on roofs with a tilt higher than 25° and also on Stralis cabins (patented design).

It has a reduced height (less than 20 cm) and its ceiling assembly equally distributes the cold air inside the cabin.

AIR CONDITIONER

TECHNICAL DATA

Compressor	Compresseur Danfoss
Refrigerant	Eco-friendly R134a CFC free
Power supply	24V DC
Maximal Cooling Power	950 watts / 3.250 BTU *
Amps 24V	7,5 to 14,5 amps/hour
Connecting pipes	Pre-charged System
Fan Speed / Air Flow	6 speeds / 450 cbm/hour
Remote Control	Yes
Battery Protection	Yes
Anti-tilt Protection	Yes
Dimensions on roof	H199 x W865 x D605 mm
Dimensions ceiling assembly	H165 x W349 x D387 mm

* with 32°C ambient temp.
