

ELQYB 2X1

Application

ELQYB is a PE insulated and halogen free flame retardant sheathed fire alarm cable for installation outdoors on walls, and indoors in conduit or duct systems according to SS 424 14 38.

Fire alarm cable

Max wire temperature: -25°C/+70°C
 Voltage Rating U: 100 V
 CPR class: Dca-s1,d2,a1

Standards

Construction: SS 424 16 54
 Flame retardant: EN50575:2014+A1:2016

Construction

Conductor 1mm ²	Bare solid copper 1mm
Insulation of conductors	PE
Color/Marking (2 core)	blue, orange
Outer sheath	HFFR
Color outer sheath	red
Marking	ex. ELQYB 2X1 AMO I CE

Type Code	Cross-section [mm]	Insulation [mm]	Conductor diameter [mm]	Outer sheath thickness [kg/km]	Outer diameter nom. [mm]
ELQYB 2X1	1	0,5	2,0	0,8	5,7
