

Health- & Gourmet-tours MAY - SEPTEMBER

Welcome to Health- & Gourmet-tours at Korrö handicraft village.

During many years we have offered our visitors an extraordinary food and nature experience. The tour has become very popular and appreciated by our guests. Every year we try to improve the food served at the tour, by using locally produced products. Together with our professional guide the visitors get to taste and enjoy many delicacies from Småland, in beautiful surroundings. You also get to try what food the nature has to offer for our health. The tour goes along the wonderful Ronneby river, and through Korrö's national park. The guide will tell you about herbs and plants, and also give a presentation of old Swedish folk stories.

Length

The tour is 4,5 km long, and lasts around 4-5 hours.

Groups

For groups, contact Korrö for bookings, many smaller groups may be combined. Minimum 12 people.

Offers

Why not combine a health- & gourmet tour with a conference, or a stay at the hotel/hostel.
