

ARTESIAN SPAS™

# PLATINUM ELITE™

# Luxury & Technology converge

"The Platinum Elite...the **most advanced** luxury spa on the market."

## UNMATCHED PERFORMANCE

Experience the ultimate with a level of luxury that is so refined, so beautiful, and so impressive that it is unmistakable. Every aspect of each Platinum Elite spa has been designed to provide the ultimate therapeutic spa experience.

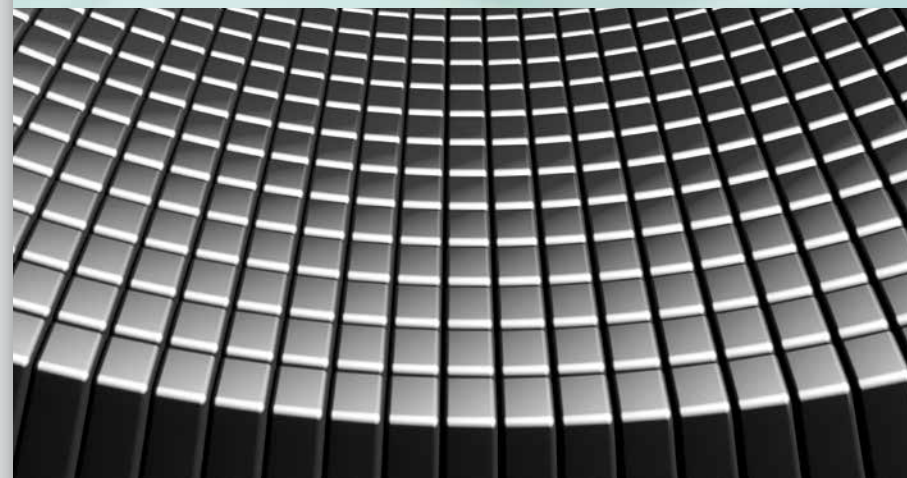

Behind Platinum Elite Spas' graceful lines lies the most powerful, energy efficient, and sophisticated system ever devised for moving and controlling the flow of water in a spa. This personalized **DIRECTFLOW** Personal Control® system moves more water volume through the jets with greater power and adjustability than any other spa in the industry.

# Ultimate Control

The Advanced Digital Touch Control System takes spa control to a whole new level. This sleek design includes a large, easy - to - read, back-lit LCD screen with simple - to - follow menus available in English, French, German, and Spanish.

The advanced system has technology that allows for comprehensive spa diagnostics and provides reminder messages. Program your spa's temperature and filtration cycles and adjust LED lighting effects with the touch of a finger.

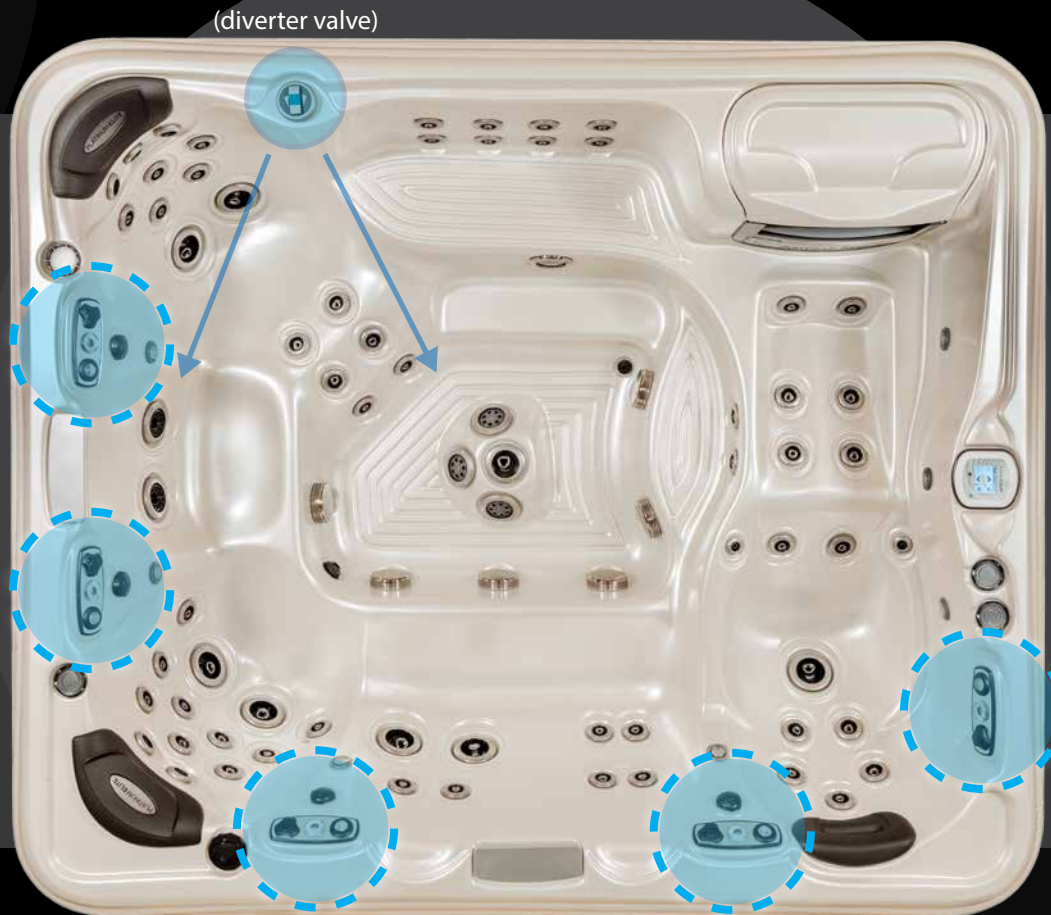

A wireless connection enables complete control at your convenience. Simply download the Worldwide WiFi App to your smart device and wirelessly connect to your spa. You can ensure that your spa will be ready whenever you want to take a dip by changing settings from your smartphone or tablet.

# Adjust every jet in your spa.

The innovative, patented **DIRECTFLOW** Personal Control® direct plumbing system combined with the VARIABLE FLOW CONTROL (VFC) provides each user with the ultimate individual control and hydrotherapy experience possible.

Custom Pressure

6-14 PSI

Change the Flow Rate

68-110 GPM

Modify the Motor  
Current & Power

3.8-6.3 Amps

## You're in control.

Platinum Elite spas are built with technology that uses less energy and saves you money. Most major spa manufacturers use large, oversized pumps that cost more to operate. Then they divert (divide or split) the water between two or even three different seats. If you are only using one of those seats, you are wasting energy and money.

With **DIRECTFLOW** Personal Control®, a pump is provided for each seat, which allows for shorter plumbing and control of each seat without individual diverter valves. Diverter valves used for pressure control can rob 18 percent of the water flow from the pumps to the jets. Without these valves, there is a reduction in friction, and water flows more powerfully—giving you the ultimate in massage.

### Air Control

Air Pressure Adjustment

### Pump Switch

Turn Individual Seat  
Pump On/Off

### Variable Flow Control

High or Low  
Jet Pressure

## PERSONAL CONTROL FOR EVERY SEAT

Custom Massage Seat | More Efficient | Reduces Operation Cost

### DIRECTFLOW Personal Control® (PER SEAT)

- **Custom Massage Seat** | Increases efficiency by supplying optimum power and maximum reliability.
- **One Control per Seat** | Each spa seat occupant has their own individual control.
- **Direct Water Flow** | Water flows directly from the pumps to the jets with no diverters, valves, or elbows, thus resulting in maximum output with minimum loss.

### VARIABLE FLOW CONTROL (PER SEAT)

- **Rotate to High or Low** | Rotate to "HI" for a full-pressure massage or to "LO" for a more relaxed massage.
- **Wide Range** | Turn the VFC to any massage power, air pressure, and water flow desired.
- **Energy-Efficient** | When the VFC is turned to "LO," the pumps consume up to 40 percent less power.

# Helix-Inspired Jets

A New Spin on Spa Jet Technology

## A Breakthrough

The Platinum Elite line features a revolutionary breakthrough in hydrotherapy jetting that makes use of the timeless concept of the helix: a curve in three-dimensional space, such as that found in a spiral staircase. This Artesian Spas' patented jet design provides a truly remarkable hydro-massage. Engineered with the idea of the double helix in mind, the jets use a right-directional spiral on the inside of the cylinder. This causes water to spiral out in a twisting motion, providing jet pulsation and heightened massage pressure.

The two largest helix jets, named ProHelix™, provide a high volume of water to massage large muscles in the body. The mid-sized helix jet, called TheraHelix™, is strategically placed in the spa in small groups to massage muscles such as the calves, hamstrings, deltoids, biceps, and triceps. The smallest helix jet, the AccuHelix™, is placed in large groupings to massage larger regions of the body, such as the entire back. As a complete system, four to five different sizes of helix jets are featured in every Platinum Elite Spa model.

In addition to the helix jets, three of the Platinum Elite models are made with custom Hydro Extreme Jets. These two whirlpool jets provide a powerful massage like no other.

## Hydro Extreme Jets

The Platinum Elite line features Artesian Spas' Hydro Extreme Jet technology:

- High Flow Rate
- Deep-Tissue Hydrotherapy
- 5" Jets for Maximum Power
- Strategically Placed

Hydro Extreme Jets take hydrotherapy, relaxation, and luxury to the next level.

# The Platinum Elite Class: An Overview

The creation of the beautiful, organic forms that grace our spas is as much art as it is science. Our intimate processes ensure that our spas are specifically built and shaped for every contour of the body.

Pelican Bay

Piper Glen

## PROGRESSIVE WATER PURIFICATION

The Diamond AOP™ process combines the Nature2® option, Microfiltration, high efficiency Circulation Pump, and the AquaNova™ UVC & Ozone Spa Sanitizer, to create a highly advanced oxidation process (AOP) for water purification.

## GUARANTEED QUALITY

This superior spa comes with one of the most comprehensive warranties in the industry: 7 years for the surface; 5 years for parts, labor, plumbing, and electrical; and 2 years for the Monarch Cabinets. A 3-year warranty is provided for the Morbern Cover Upholstery.

## LUXURY DESIGN

Platinum Elite's design includes satin stainless steel accents, maintenance-free cabinetry, and a cover. Monarch cabinetry is made of resilient, high-quality material that ensures a long life for your spa. It's beautifully designed with a rich look and a textured feel. The high-quality cover adds a sophisticated finish to the spa.

Dove Canyon

Quail Ridge

## MODERN LIGHTING

The DynaBrite lighting package provides the ultimate chromatherapy experience, illuminating the interior lights, cabinet lights, cup holders, pillowfalls, and waterfall.

## HELIX & HYDRO EXTREME JETS

Artesian Spas' patented Helix Jet System provides a rotating pulsing action, giving you a soothing, luxurious hydro-massage. Hydro Extreme Whirlpool Jets create a burst of water for a powerful therapeutic massage.

## TOTAL CONTROL

The innovative patented **DIRECTFLOW** Personal Control® technology provides each user with the ultimate individual control and hydrotherapy massage. The new Advanced Color Digital Touch-Screen Control System allows adjustments to be made with the touch of a finger.

# PELICAN BAY

## ENTERTAINING MADE EASY

Designed especially for large families, for entertaining friends, or for those who just like to spread out and move around, the Pelican Bay offers the most space of any Platinum Elite spa. This spa features an astonishing 70 high-performance jets and 5 individual controls for the massage seats. The Pelican Bay does not sacrifice therapy or performance for the sake of size.

# Spa Features Overview

## Standard

- Warranty:
  - Lifetime Structure
  - 7-Year Surface
  - 5-Year Parts, Labor, Plumbing and Electrical
  - 3-Year on Morbern Cover Upholstery
  - 2-Year on Monarch Cabinets
- Satin SS Helix and Hydro Extreme Jet Design
- Satin Trimmed Accent Package: Passivated Satin Stainless Steel Jets, Weir Gate and LED Lighting, Anodized Control Bezels, Waterfall Covers and Cabinet Trim
- Morbern 5 in. Maximum Tapered ASTM Cover
- Full Foam with PermaBase ABS Pan
- WhisperPure™ Circulation System with Microfilter
- Monarch Cabinet
- DynaBrite LED:
  - (1) 5 in. LED Light, (7) 2 in. LED Lights, (4) Cabinet Corner Lights<sup>++</sup>, Cup Holders, Pillows and Waterfall (Pelican Bay, Piper Glen, DoveCanyon)
  - (1) 5 in. LED Light, (6) 2 in. LED Lights, (4) Cabinet Corner Lights, Cup Holders, Pillows and Waterfall (Quail Ridge)
- **DIRECTFLOW** Personal Control® for Each Pump
- Advanced Digital Touch Control System: Color LCD Panel, WiFi Ready (Module Required), Multi-language Interface
- Titanium Heater: 5.5 kW North America (60 Hz), 3.0 kW Export (50 Hz)
- Diamond AOP™ Brilliance (FROG® @ease™ with SmartChlor™<sup>++</sup> and AOP™)
- 9 in. Waterfall: (2) Pelican Bay, (1) Piper Glen, Dove Canyon, Quail Ridge

## Optional

- Stereo System:
  - 1) Premium Infinity® Sound System by Harman:
    - Bluetooth Receiver, AM/FM, USB, Auxiliary Input,
    - (2) Pop-up Speakers, (2) 6.5 in. Exterior Speakers, Power Subwoofer
  - 2) bba™<sup>2</sup> Audio:
    - Fully Integrated Bluetooth Audio Streaming, (2) Pop-up Speakers, Subwoofer
- Nature2® Cartridge
- Pump/Heater Valves
- Worldwide WiFi App Module
  - Download App for Smart Device to Control Spa Wirelessly
- ProGuard 6 in. Maximum Tapered ASTM Cover

<sup>+</sup>Where Allowed by Law <sup>++</sup>N/A on Rock Panels

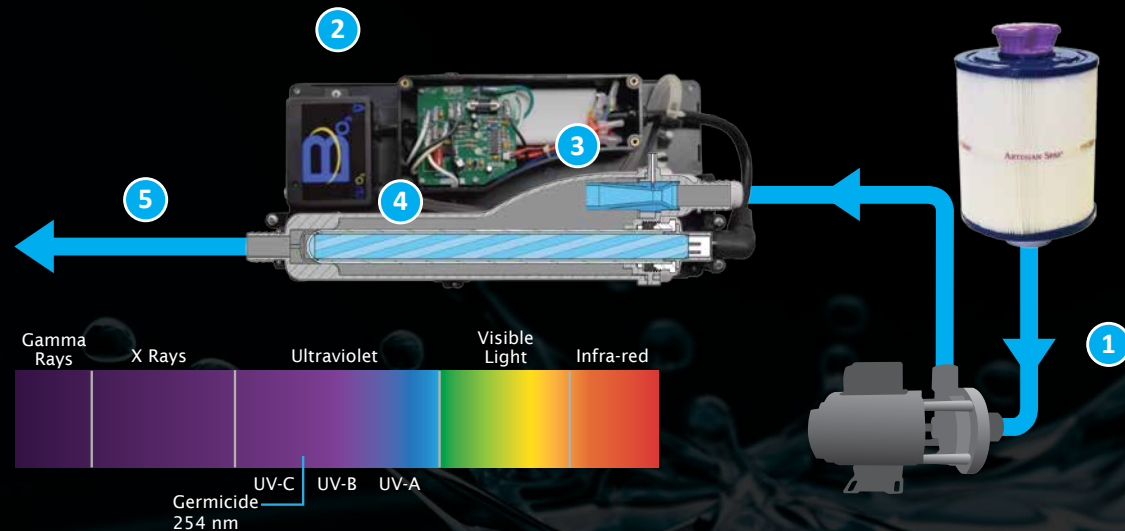

(The warranty printed in the booklet is for USA only. Please contact your local dealer for relevant warranty document in your region)

# Diamond AOP™

ProPure Advanced Oxidation

The Diamond AOP™ process combines the Nature2® option, Microfiltration, high efficiency Circulation Pump, and the AquaNova™ UVC & Ozone Spa Sanitizer, to create a highly advanced oxidation process (AOP) for water purification.

Ultraviolet light (UV) is part of the light spectrum, which is comprised of three wavelength ranges: UV-A, UV-B and UV-C. UV-C light is germicidal, making it a **NON-CHEMICAL** approach to disinfection.

## HOW IT WORKS

**It is simple, inexpensive and requires very low maintenance.**

- 1 Contaminants and large particles are trapped by the **Microfilter** while water is drawn through at a rate of up to 30 gallons per minute by the high efficiency **Circulation Pump**.
- 2 The dedicated **Micro-Ozone Generator** produces Ozone for direct injection into water in the chamber.
- 3 Water enters the **AquaNova™ Spa Sanitizer** through the built-in Venturi injector, drawing Ozone into the flow from the Micro-Ozone Generator.
- 4 Water in the UV chamber is irradiated by **Germicidal UVC** converting Ozone to Hydroxyl Radicals through Advance Oxidation Processing. Contaminants are destroyed by intense Germicidal UVC, Ozone, and Hydroxyl Radicals.
- 5 Water containing excess concentrated Ozone exits the unit, further maximizing purification to produce the purest sanitized spa water possible.

Artesian Spas brings you the most progressive Diamond AOP™ Brilliance Water Purification System

This multi-step water management system combines the current Diamond AOP™ system and the patented in-line FROG® @ease™ with SmartChlor™ technology. The combination of Fresh Mineral Water™ with SmartChlor™ Technology provides self-regulating, cleaner, clearer, and softer spa water that's far easier to take care of.

# Wireless Control

Artesian Spas – Spa Control

## Worldwide WiFi App Module Option

The Worldwide WiFi App Module option, allows you to access your hot tub using an app on your smart device (Android™ or iPhone®) via a direct connection anywhere in the local proximity of your tub. Gain access anywhere in your house that you can connect to your local WiFi network, or anywhere in the world you have an internet connection to your smart device via 3G, 4G, or WiFi hot spots.

With the app, you can ensure that your hot tub will be ready whenever you want to take a dip. The app provides full interface control so you can set the temperature, turn pumps on and off, and even set filtration cycles—all from your smartphone or tablet.

- Set temperature
- Turn on/off pumps
- Set 24-hour filtration cycles
- Control LED lighting

\*The app's cloud access cost is free for the first 12 months and after that is \$24 per year. If not renewed after 12 months, the app will continue to operate in local mode only.

# Stereo & Streaming Technology

## Premium Infinity® Sound System by Harman

- Bluetooth® Receiver
