

# STM Governance

## WHY?

- *STM projects coming to an end – important to **continue interoperability***
- *Need for governance & resource for the **"maritime digital infrastructure"***

## WHAT?

- ***Industry partners with intention** to take ownership and make it happen*
- *Aiming for a **sustainable entity to ensure continued standardisation and adoption***

## HOW?

- ***Member-owned organisation** focused on enabling STM*
  - *"Operate the IT"*
  - *"Manage memberships"*
  - *"Drive benefits for the industry"*
- *Scope **shaped & owned** by members*

## WHO?

- ***Manufacturers & providers of equipment & solutions** to the maritime value chain*
- *Intending to **contribute in the set up and to "build STM into own products"***

## WHEN?

- **Q1 2019**
- *Ongoing preparations November-December 2019 (London, Rotterdam, add'l sessions)*
- **Tomorrow 1.45pm...**
