Ratan – a harbour that offers history and wonderful walkabouts

Ratan holds exciting memories from the times of sea trade, warfare and shipping. Discover them by strolling on both sides of the protected harbour and at the cliffs facing the open sea. In 2009 the royal family visited the village to celebrate 200 years of peace. In the idyllic village you find a summer restaurant, an exhibition, a craft shop and facilities for boat and camping tourists. Warmly welcome!
