Intermediate Biology Olympiad

About the competition
The Intermediate Biology Olympiad challenges students' biology knowledge and encourages them to continue studying the biosciences beyond school/college.

The Intermediate Biology Olympiad 2020 will take place between 2nd - 9th June 2020. The competition consists of a one-hour multiple choice test taken online in schools under staff-supervised exam conditions at any time convenient during the competition dates. Questions will be set on topics students are likely to have covered at GCSE and in their first year of A level.

Students who take part in the competition are encouraged to reference their participation in their further/higher education applications.

The Intermediate Biology Olympiad is organised by the [UK Biology Competitions](#) committee and administered by the Royal Society of Biology.

Prizes
Top scoring students are rewarded with publicly recognised certificates, and will be offered the opportunity to attend an awards ceremony. High scoring students will also be invited to one-day Field Studies Council course exploring the ecology of a urban park.

Every student who takes part in the competition is eligible to receive free [BioNet membership](#) for one year.

How to enter
Teachers can now [register their students](#) for the Intermediate Biology Olympiad.

Teachers can also download a [guide on how to register](#) for the competition.

The competition is open to students in:

Calling all teachers...

Demonstrate your professional excellence with Chartered Science Teacher status

1. Visit www.rsb.org.uk/intermediate-olympiad
 2. Click on the link [register their students](#) on the Intermediate Biology Olympiad webpage.
- OR visit <https://my.rsb.org.uk/item.php?competitionid=34> directly.

Invoicing

Please see your school's billing documents below.

Date	Description	Amount	Status	Action
2019-11-04	Invoice Pro Forma	£10	Open	Download Print Invoice

9. Once you have completed your registration*, you will be able to pay for your school's participation fee for the competition.

You will be able to pay your school's participation fee for the competition online using a credit or debit card.

You can also download an invoice for your records.

* Even if you have completed your registration and paid, you can still add and remove students.

- If you add students, you will be able to pay online or download a new invoice for the now outstanding participation fee.
- If you remove students, you will receive a credit note on your account.
