Careers in the Field

Laura Crook
My fieldwork career so far:

• Environmental Conservation degree from Bangor University

• Lapwing surveying for the RSPB – twice!

• Research Technician at Sheffield University

• Research Technician at Rothamsted Research
Fieldwork in the Peak District
Blackgrass fieldwork
Working practices and what to expect:

• The WEATHER

• Experiments/plans not working out

• Not being in the office......?

• Getting to know your colleagues
The two extremes of fieldwork in the UK
Skills required:

• Flexibility
• Teamwork
• Good eye for detail
• A sense of humour
• Hardworking
• Conscientious
Any questions?
