

The Royal Society of Biology organise a wide range of training courses to suit the varying needs of our members working or studying in the bioscience sector.

If you're interested in developing your skills, want to maintain your professional registration or simply looking for a refresher course, please do take a look at our [website](#) and [online learning platform](#) where we hope you will find something of value.

RSB INDUSTRY SKILLS CERTIFICATE

The Royal Society of Biology has developed an [Industry Skills Certificate](#). This new initiative is designed to support the employability of scientists into industry. With extensive research and input from our [Employer Advisory Group \(EAG\)](#), we have created a bespoke set of online and in-person training courses that are aimed to enhance the experience, skill set and knowledge of scientists.

For more information on the Industry Skills Certificate, please visit our [web page](#).

ONLINE TRAINING COURSES

Gopher Science Lab

This online course has been written and reviewed by teachers, for teachers. The following lessons are designed to give teachers clear guidance on how to carry out the Gopher Science Lab activities so that they can feel confident in leading or supervising the activities during a lab day or classroom session.

Introduction to Project Management [\(ISC course\)](#)

Throughout this online course participants will learn the skills and planning tools they need to successfully complete a project and how to anticipate and resolve the issues they are likely to encounter as a project manager.

Introduction to Trusteeship and Governance

The aim of this course is to support and provide new trustees with knowledge on the responsibilities of a trustee and how to carry these out, in accordance with the rules and regulations in place.

Unconscious Bias [\(ISC course\)](#)

This half day awareness building course aims to educate staff and managers so that they can lead by example in the quest to change mind-sets and create a more diverse and inclusive workplace.

Coming soon

- Core Business Skills for Biologists [\(ISC course\)](#)
- Personal Skills for Leadership [\(ISC course\)](#)

For further details and to register onto any of the above online training courses, please visit our online learning platform - [myLearning](#) or email training@rsb.org.uk

IN-PERSON TRAINING COURSES

Navigating the Patent System for Biologists [\(ISC course\)](#)

Date: 12th June 2019

Location: London

Level: This course is for anyone wanting to learn about the patent system. It will be particularly useful for those who have little or no knowledge of patent law, e.g. students, researchers and people who work in pharma/biotech companies but do not have specific experience relating to patents.

Fees: Member - £40 + VAT | Non-member - £80 + VAT

For further details and to book please visit the [RSB website](#)

Writing HE Bioscience Programme Documents

Date: 20th June 2019

Location: London

Level: This course is most suited to those developing programmes and those in charge of bioscience programme documentation, for example, course directors or programme tutors, including those new to the role.

Fees: Member - £165 + VAT | Non-member - £300 + VAT

For further details and to book please visit the [RSB website](#)

Introduction to reproducible analyses in R [\(ISC course\)](#)

Date: 24th June 2019

Location: York

Level: Introduction to reproducible analyses in R is aimed at researchers at all stages of their careers interested in experimenting with R to make their analyses and figures more reproducible.

Fees: Member - £50 + VAT | Non-member - £90 + VAT

For further details and to book please visit the [RSB website](#)

Copyright Awareness for Researchers [\(ISC course\)](#)

Date: 2nd July 2019

Location: London

Level: Anyone seeking a basic introduction to copyright and associated issues.

Fees: Member - £150 + VAT | Non-member - £300 + VAT

For further details and to book please visit the [RSB website](#)

CPD Workshop

Date: 5th August 2019

Location: London

Level: This course is suitable for educators from any discipline, who are interested in learning new methods of engaging students in the class room with the aim of fostering active engagement, accountability and interdisciplinary learning in a diverse team.

Fees: Member - £50 + VAT | Non-member - £90 + VAT

For further details and to book please visit the [RSB website](#)

Train the Trainer [\(ISC course\)](#)

Date: 5th August 2019

Location: London

Level: Anyone who has a new responsibility to train others or who has some experience and wishes to update and enhance their skills to deliver engaging interactive training to encourage change and improvement.

Fees: Member - £240 + VAT | Non-member - £500 + VAT

For further details and to book please visit the [RSB website](#)

Leadership in a Laboratory Environment

Date: 14th October 2019

Location: London

Level: Laboratory team leaders and principal investigators who want to improve the way they manage their teams and postdoctoral researchers who have been selected for, or aspire to, promotion to team leader positions.

Fees: Member - £80 + VAT | Non-member - £160 + VAT

For further details and to book please visit the [RSB website](#)

POTENTIAL NEW TRAINING COURSES

IN-HOUSE TRAINING

We are inviting expressions of interest for potential new training courses:

- Entrepreneurship for Bioscience
- Artificial Intelligence and Biology
- Fermentation
- Writing a Business Plan
- Quality Management
- Grant Writing

If you are interesting in attending the potential courses listed above or can deliver training in these areas, please [register your interest](#)

As part of our training programme at the RSB, we can organise training courses at your premises or nearby for your staff. To enquire please contact us on training@rsb.org.uk

If there are any courses not listed here that you would like to see please also [contact us](#)

PROFESSIONAL REGISTERS

Advance your career by applying for one of our industry recognised professional registers, open to members of the RSB. Submit an application by June 2019 to be considered for the July election.

MEMBER ORGANISATION EVENTS

North Western: Ecology for All - Salt Marsh

Date: 06.06.19
North Western Branch Event
*Wyre Estuary Country Park,
Stanah FY5 5LR*

Deubiquitylases: from mechanism to physiology

Date: 17.06.19 - 19.06.19
A Biochemical Society Scientific Meeting
South Halls Complex, University of Edinburgh, Edinburgh, Scotland EH16 5AR

BSTP Continuing Education Symposium 2: Liver

Date: 09.07.19 - 11.07.19
A British Society of Toxicological Pathology event
University of Cambridge, Tennis Court Road, Cambridge CB2 1QP.
