

SIGNATURE COLLECTION

ENGLAND

studio **franchi**[®]

Superior craftsmanship meets the art of design

A collection of the finest British manufactured hardware meticulously put together to provide inspiration for your next project.

For over half a century, Franchi has been supplying beautifully crafted luxury hardware, and these timeless designs still to this day adorn prestigious buildings across the globe. With both traditional and contemporary offering there is something for every project, using the very latest technology in CNC machinery, casting and electroplating, giving the specifier endless possibilities.

Timeless designs to
elevate any interior

Signature: Bespoke Hardware Collection

A selection of our collection are manufactured by Oliver Knights

Our finishes range

Metal finishes and patinas are skillfully created and applied by experienced craftspeople to the highest of standards. Variation and gradual change in colour and texture is part of the charm of hand finished patinas and with touch, time and environment, you will see gradual wear and oxidisation, adding character to the piece.

Environment

Evolving the way we do business to ensure that we operate sustainably, ethically and diversely is important to us. It is our responsibility to ensure that we work in partnership with suppliers and clients to understand their sustainability needs, and that they maintain standards that are consistent with Franchi ethical policies.

We are transitioning to renewable energy sources and reducing our business travel. All paper and cardboard is shredded and reused as packing, on all sites. At Franchi we believe that innovative design can also incorporate sustainable elements.
