

Updated in January 2017

Granja San Francisco honey is bottled using a blend of the world's finest quality honeys, which are selected from guaranteed sources and controlled throughout the entire bottling process. Thanks to its constant search for last-harvest honey, Granja San Francisco has been an emblem of wholesome nutrition and high quality since 1934.

Le miel Granja San Francisco est mis en bouteille en utilisant le mélange des meilleurs miels de qualité dans le monde entier, choisis parmi des origines garanties et contrôlés tout au long du processus de mise en bouteille. Étant constamment à la recherche de la dernière récolte de miel, Granja de San Francisco est synonyme de pureté et de haute qualité depuis 1934.
