

ACTIVITY TITLE:

Invent a new sport

BOOT UP:

Speedgate is the world's first sport ever designed by artificial intelligence. Taking elements of rugby, soccer and croquet, Speedgate is all about fun, inclusivity and sportsmanship.

LOADING...

Open a web browser and go to <https://playspeedgate.org/> and click on the

'Register a team' button on the top right corner of the page. Follow the instructions and play the game!

ACTIVITY HOSTS:

See Speedgate in action in this video - <https://vimeo.com/329197612>

Learn more about Speedgate and how it works - <https://playspeedgate.org/>

NEXT STEP:

Send in pictures and a record of your activities to <https://techweek.ie> and post on your school's social media accounts.

FINAL STEP:

Don't forget to register your activities on <https://techweek.ie>!
