

sky100 invites you to experience the MoMo Shrine.

Partake in a sequence of rituals designed to maximize blessings and propel you towards a prosperous new year with taking photos. The MoMo Shrine features a cheerful pink owl as its mascot. The owl's favorite word "Cuckoo" sounds similar to the Japanese word "Fukurou", which means "not difficult" or "bringing blessings." This connection reflects the positive energy the owl elf will bring throughout the Year of the Snake.
