

# Goodbye FS2

# Hello Year 1

## **Hello!**

*Hi everybody, I am really looking forward to being your teacher next year. Mrs Simpson, Mrs Llewellyn, Mrs Read and Mrs Compton have told me so many amazing things about you all and I feel as if I know you already. We're going to have a great year learning together, making designs and playing lots of games!*

*I have got to know lots of you already, but we will have so much time in September to talk about what makes you special, what your favourite things are and answer any questions you might have.*

*As you are all new Year 1 children, you can find out all about the latest news on our Year 1 blog at <https://www.totley.sheffield.sch.uk/> and if you have any questions or amazing news to share you can contact me on my email [sflevill@totley.sheffield.sch.uk](mailto:sflevill@totley.sheffield.sch.uk)*

We're really excited about welcoming you back to school in September, but in the meantime, we hope you enjoy these activities. Feel free to do the activities in this pack in any order, but we really want you to do all of them. We can't wait to see what you get up to!

Best wishes,

Mr Flevill and Mrs Lee

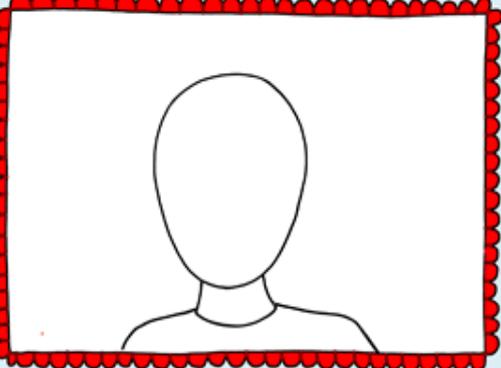

# Get to know me!

Hello everyone! One of our first topics we learn about in Year 1 is 'Ourselves'. It's really helpful to know what we are good at, what we enjoy doing and what we would like to get better at. Let me help by telling you about me. I love playing and watching sports! My favourite sport that I play is hockey down at Abbeydale and I enjoy watching my football team Manchester United play. Do you play any sports or support a team? I also enjoy going for walks, reading books as you will find out next year, going on holiday and eating lots of amazing food! What is your favourite?

Visit this page to see a short video from Mr Flevill: <https://vimeo.com/436039107/90187996ec>

I can't wait to find out all about you and so your task is to tell me! Can you fill in this 'All about me sheet' to help me plan a fun filled year learning about the things you enjoy.

My name is

This is me. 

My name starts with letter

My name has  letters.

My favorite toy is  

My favorite food is  

My favorite place is  

These are my friends.  

# What will we learn in Year One?

This year we will be learning about humans, animals, plants, toys and islands. We will read lots of books and learn how to write our own stories. In maths, we will work with numbers to 100, we will count in 2s, 5s and 10s, learn to identify 2D and 3D shapes, and tell the time to o'clock and half past the hour.

We will ask: 'What's it like to be me?', 'Was it always like this?' and 'What connects me to the past?'.

## Your task:

Choose 1 of the topics and tell me what you already know.

Choose one of the topics and tell me what you would like to find out.

I wonder....

# Write to me!

I love going on holidays and exploring new places. I also like to read books about other people's adventures and imagine what it would be like to go on my own made up adventure. You could write to me to share all your great ideas and experiences.

## Your task:

Can you describe a place you have been before that you really enjoyed visiting, what made it special?

Also, if you have any questions you would like to ask to find out more about Year 1 or settle some early nerves, please write to me so I can help. You may be really excited about being in Year 1 and have some great stories or ideas to share with the class when we can finally all get back together.

Perhaps you have started a new club, sport or activity you would like to tell me about or even have set a target for yourself to accomplish in Year 1.

# Significant people

As you know, at Totley Primary School, each Year group has significant people we will learn about. In Year 1, we are going to find out about the legendary Sir David Attenborough, Steve Backshall and Claude Monet.

You may be wondering why we will be called Y1 Murphy? That's because our class is named after an au-

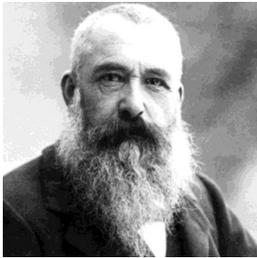

You could read a book by Jill Murphy.

How many books do you think she wrote? You could make a list!

You could watch an animal documentary narrated by David Attenborough.

Which animal is your favourite?

You could look at some paintings by Claude Monet.

You could try and create your own piece of art.

# Attitudes to learning

It is really important in Year 1 to continue to show your good attitudes to learning to create some amazing pieces of work and to help your friends.

## Your task:

Can you draw a picture of you demonstrating each one of our attitudes to learning? When do you think you will be able to do these?

1. Being a good listener.
2. Being a hard worker.
3. Being confident.
4. Being a resilient learner.
5. Being a team player.
6. Being independent.

You might also have to use some of these attitudes over the summer holidays, you could draw a picture or write a sentence to explain what happened and which value you showed.
