

Stay safe

Stay at home

Guten Tag!

Hi new Y3s!

I wanted to introduce myself as your new German teacher in Y3!  
We are going to be learning German from September - hopefully at school!

This picture at the top of the sheet is my languages classroom. It's a lovely space where I fill the shelves with my foreign language books and the walls are covered in your brilliant work.

Hopefully you have been able to watch the video I uploaded for you and so you have already heard your first bit of German!

Before your first lesson in September, you might like to think about anything you already know about either Germany or the German language. There is space below to write anything down or you can just write in a notebook. German is an amazing language and I am very excited to be sharing my passion for the language with you very soon.
