“Tresco is not just an idyllic reminder of the Great British Seaside of 50 years ago; it’s more than that. It’s somewhere else altogether – a completely independent entity with its own unique and precious culture. Not just paradise on Earth, it’s paradise in Britain.”

Alex James, The Independent

"What, I wondered, would one pay to rediscover the golden summers of childhood - of white sands, blue skies and warm shallow waters in which to paddle and mess about in boats? In an age mediated by currency crises and the trials of holiday aviation, quite a lot. If only one could find a place, ideally near home...now we have discovered a place so close to our ideal as to have united three generations in delight."

Julian Allason, *The Financial Times*

“From the terrace of my cottage on the north-east of the tiny island of Tresco I looked across a neat lawn bordered by pink flowers to a swaying sea. Waves fizzled softly on boulders in the cove, and in the distance a white lighthouse stood on an island. A seabird swooped and disappeared behind a headland with unusual, rounded rocks that might have been sculpted by Henry Moore. What a setting.”

Tom Chesshyre, *The Times*, on the Sea Garden Cottages
