HARBOUR MASTER

## TRESCO ESTATE LOCAL NOTICE TO MARINERS

No. 01/2018

### Quay Freight Safety

1<sup>st</sup> February 2018

In an effort to improve safety on the quays, mariners are advised that quays will be closed while the Lyonesse Lady is loading/unloading freight.

- **Vessels approaching the quays are on first come first served basis with priority to passenger vessels if practical.**
- **Prior to loading/offloading freight barriers will be placed at the entrances/across the waiting area to keep pedestrians off the quay.**
- **The Lyonesse Lady will not start to load/offload until the quay is closed and all pedestrians are clear.**
- **Vessels approaching after the quay has closed must hold-off until the Lyonesse Lady departs.**

Tresco Harbour Master or another member of staff will be at New Grimsby Quay during freight operations to assist the freight team and inform any waiting passengers.

Adam O'Neill
