

Top Tips

For Token Collecting

1. Use the support materials - the more family and friends you can get involved the better. You can print as many token collect sheets as you want so why not hand some out to family and friends and ask them to complete some for you?
2. Use social media! Let people know you're in the running to win a wedding with The Huddersfield Examiner and encourage them to support you! For the latest updates, follow us on Facebook at /Examinerwedding
3. Why not create a token collect box and ask your local shop to display it for you?
4. Keep an eye out for bonus token days! We'll be printing tokens each day but we will also have surprise bonus token days and they are a great way to boost your total token count. Remember to tell family and friends when it's a bonus token day. If you want to order extra copies on bonus days please email andrew.brown01@trinitymirror.com
5. Keep an eye on the deadlines. All tokens need to be stuck down onto collection sheets and sent to us along with a final entry form by Monday 1st May 2017. Remind your friends and family to have all tokens to you by then.
6. Use our posters to put up in your office or make them into leaflets and hand them out!
7. Be imaginative e.g. cake sale for tokens etc. Let us know what you come up with via the Facebook page!
8. If you have a regular retailer where you will be buying The Huddersfield Examiner from to collect tokens then please tell who they are and we shall ensure that they have sufficient supplies. We would hate for you to be disappointed, you can email at Andrew.Brown01@trinitymirror.com
