

## Overview of the processors used in accordance with Art. 28 of the GDPR and potential transmission to a third-party country

As part of the contractual provision of services, uberall GmbH uses software solutions provided by third parties, which in this case are other processors within the meaning of § 28 of the GDPR. According to the contract processing order under the EU General Data Protection Regulation (GDPR), the client must give uberall GmbH the consent for the use of third parties as well as for transmission to service providers in a third country, under compulsory compliance with the applicable regulations.

Below are the service providers in question:

(Status as of: April 2018)
