

18th International Conference on Sustainable Energy Technologies

20th - 22nd of August 2019 Kuala Lumpur, Malaysia

CALL FOR PAPERS

Contributions are invited on the topics within the conference scope of sustainable energy technologies. All contributions should be of high quality, original and not published elsewhere or submitted for publication during the review period. All accepted papers will be presented orally or by poster, and included in the conference proceedings. Selected papers will be published in several international journals including our partner journals.

Energy Technologies & Renewables | Energy Storage & Conversion | Low Carbon Buildings & Sustainable Cities | Policies & Management

SET 2019 is a multi-disciplinary, peer-reviewed international conference on sustainable energy sources and technologies that provides a forum for the exchange of latest technical information, the dissemination of the high-quality research results, the presentation of the new developments in the area, and the debate and shaping of future directions and priorities for sustainable development and energy security.

SET 2019 will be hosted by the Universiti Sains Malaysia (USM), the university in a garden. USM is a pioneering, transdisciplinary research intensive university that empowers future talents. Their vision is to transform Higher Education for a Sustainable Tomorrow.
