

IJIC QUICK AUTHORS SUBMISSION CHECKLIST

Please complete the following content and format checklists to indicate that this submission is ready to be considered by this journal:

CONTENT CHECKLIST

1. Does the content of the article fit within the aims and scope of the Journal (e.g. is it considered integrated care as defined by the Journal)?
2. Does the paper clearly define integrated care in the context of the paper (i.e. what aspect of integrated care does the paper focus on)?
3. Does the paper make reference to key concepts, frameworks or theories in support of its arguments?
4. Is the issue that the article tackles a significant one in the field of integrated care?
5. Does the paper present new interpretations or findings in the field of integrated care?
6. Is the content of the paper appealing to international readers involved in the study, development or delivery of integrated care?
7. Does the title of the article accurately reflect its contents? For example, does it include (if relevant) one of the following words: research protocol, systematic review, or case study?
8. Does the paper include a plain language abstract (or summary) that is clear and attractive for readers and reviewers?
9. Does the paper include a comprehensive list of key words, including integrated care?

FORMAT CHECKLIST

1. **The submission has not been previously published**, nor is it before another journal for consideration (or an explanation has been provided in Comments to the Editor).
2. If submitting to a peer-reviewed section of the journal, **a blind review has been ensured**. (Authors' names, acknowledgements and references that suggest the identity of the authors have been deleted of the main article and have been add as a separate file. All information from the authors have been removed from the properties of the paper in the details section)
3. The submission file is in Microsoft Word file format.
4. The text is single-spaced; uses a 12-point font; avoid underlining (except with URL addresses); and all illustrations, figures, and tables are placed within the text at the appropriate points, rather than at the end.
5. Titles and subtitles are indicated by using numbers in parenthesis (for example: (0). Title paper; (1). Title first paragraph; (1.2) Title subparagraph; (2). Title second paragraph; etc.). These numbers will not be published, but they are used for indexing.
6. The use of language (UK English) is acceptable.
7. Where available, URLs for the references are provided.
8. The paper includes International References, ALL with English translation.
9. The text adheres to the stylistic and bibliographic requirements outlined in the Author Guidelines.
