Important points

Applicants are required to apply directly to the University by completing the online application form for the relevant course via <http://www.herts.ac.uk/courses/online>

This programme is designed to recruit students who wish to study Business Administration in a fully supported, online, part-time mode, using our e-learning platform 'StudyNet'.

In common with the campus-based BA (Honours) Business Administration degree, it aims to promote the employability of its graduates in order that they can thrive in an increasingly competitive environment. It achieves this through a blend of academic study, intercultural awareness and employability /enterprise skills development.

Graduates of this business education are equipped for the demands of a career in general management.

The programme aims to:

- prepare students for a career in business and management;
- provide students with a thorough understanding of business and management practices at local, national and international levels;
- develop students' practical, transferable, intellectual, study, employability and enterprise skills within a global context.

IT Skills required:

Basic IT skills are a requirement for anyone wishing to study online. For example, you will need to be confident using an internet browser, communicating via email and using Microsoft Office tools (e.g. Word, Excel) or equivalent. An ability to learn and adapt to new technologies is also important, for example, you may be asked to participate in a virtual classroom session, prepare a recorded presentation, contribute to a discussion forum or complete an online assessment/test.

Outline Programme Structure

A typical pattern of study would look like this – *please note that modules may run in a different order or in a different semester.*

	Semester A (September to January)	Semester B (January to May)	Semester C (May to September)
Level 4 (Year 1)	Accounting For Business (15 credits) AND Economics For Business (15 credits)	People Resourcing (15 credits) AND Global Perspectives in Business (15 credits)	Study Break

NB: all modules are worth 15-credits

Bridging programme

Students with GCSE English Grade C but no further formal academic qualifications, including Maths, may, at the discretion of the Programme Tutor, apply initially to take three modules over four consecutive semesters as an alternative, preliminary admissions route. These modules must include 'Quantitative Methods for Business (Online)' and 'The Business Professional 1 (Online)' and one further module selected by the Programme Tutor in liaison with the applicant. If these modules are all passed within the four semester period, at first attempt, the student can then register to study on BA Business Administration (Online). This is a programme-specific regulation.

Course delivery

This course is delivered 100% online via the University's virtual learning environment StudyNet. It can be studied flexibly, which allows you to fit your studies around your work and life commitments. However, there will be specific deadlines to submit or take assessments.

You will find full details on your assessment schedule in the relevant Module Guide which will be published at the start of the module.

Number of study hours will vary depending on your prior knowledge and experience with the subject. The expectation for a 15-credit module is to study 8-12 hours per week over 12 weeks.

Method of assessment

Modules are assessed by combination of coursework and online tests. The dates of assignment submission and online tests are fixed. The online tests are available for a fixed period of time, usually to 24-hours, to ensure all students can find a convenient opportunity to complete them within that period.

If you cannot meet the assignment deadlines or test dates, you must inform the Module Leader in advance of the deadlines to get appropriate advice.

Additional expenses

You can find full details of your course tuition fees in the *Fees and Finance Policy*.

Courses materials (i.e. e-books, software or support materials) are usually included in your tuition fees, unless specified otherwise.
