## About your course

### Courses covered

Code	Title
HHAPPMSc	MSc Advancing Clinical Pharmacy Practice
HHAPPMSc	MSc Advancing Clinical Pharmacy Practice with Extended Placement

You can find full details of your course in the *Programme Specification*.

### Important points

- The School of Life and Medical Sciences is based at the University's [College Lane campus](#).
- Learn in the university's top-class facilities, assisted by tutors who are themselves experienced and expert professionals.
- Extensive clinical learning opportunities
- Minimum of 12 days Clinical Placements
- Extended placement provides the opportunity to gain advanced knowledge and systematic understanding of pharmaceutical care delivery in a hospital setting.
- University is well placed geographically and has strong links with local healthcare providers
- The MSc award is achieved for 180 credits gained (240 credits with extended placement).

*In accordance with current Occupational Health practice all candidates need confirmation of their medical history; once you have met all conditions of your offer, both academic and financial, you will be emailed an Information Pack, which includes a form and questionnaire, both of which must be completed and returned to our Occupational Health department. You will also need to pass a successful Disclosure and Barring Service (DBS) check: this will be dealt with upon your arrival.*

*There are limited spaces on the extended placement. Please contact the admissions tutor, Dr Nada Shebl ([n.a.shebl@herts.ac.uk](mailto:n.a.shebl@herts.ac.uk)) for more information.*

### Academic Year
