About your course

Courses covered

Code	Title
LMHMSMSC	MSc Health and Medical Simulation
LMHFPSPGC	PgCert Human Factors in Health and Patient Safety

You can find full details of your course in the *Programme Specification*.

Important points

The Master of Science (MSc) Health and Medical Simulation programme has been developed to meet the needs of practitioners with a special interest in simulation-based medical education whilst benefiting from shared, inter-professional learning.

The programme has been popular amongst a range of health care professionals including physicians, surgeons, anaesthetists, paediatricians, psychiatrists, nurses, midwives, critical care outreach nurses, resuscitation officers, physiotherapists, paramedics, ODP's and simulation educators.

The programme is aimed at practitioners wanting to undertake further specialist development and expand their career aspirations in simulation-based medical education, providing an inter-professional and intra-professional workforce focus.
