</table>

You can find full details of your course in the *Programme Specification*.

Important points

- This is a part-time programme where students are expected to study pre-course reading material which is assessed during a 3-day taught short course.
- Students are required to complete an assignment which is submitted 6-8 weeks after the taught short course. This mode of delivery ensures that study can be combined with full-time employment.
- After completion of eight 15 credit modules all MSc students will carry out a research project that will normally be an in-depth investigation of an aspect of drug safety.
- The programme is support by industry experts and the Pharmaceutical Information and Pharmacovigilance Association and offers genuine career development opportunities to all students.

Academic Year

**Academic Year 2018 - 2019**
The University’s academic year is made up of 3 Semesters. For most undergraduate/postgraduate students the academic year is split into two Semesters (A & B). Each of these is made up of teaching weeks followed by exams (the re-sit period falls within Semester C)

- Semester A runs from Monday 17 September 2018 to Friday 11 January 2019
- Semester B runs from Monday 14 January 2019 to Friday 17 May 2019
- Semester C runs from Monday 20 May 2019 to Friday 13 September 2019
