

Hertfordshire Business School

Title of Programme: Finance

Including the following pathways:

BA (Hons) Finance
BA (Hons) Finance with <Language>
BA (Hons) Finance and Economics

Programme Code: BSFIN

Programme Specification

This programme specification is relevant to students entering:
01 September 2018

Associate Dean of School (Academic Quality Assurance):
Denise Ball

A programme specification is a collection of key information about a programme of study (or course). It identifies the aims and learning outcomes of the programme, lists the modules that make up each stage (or year) of the programme, and the teaching, learning and assessment methods used by teaching staff. It also describes the structure of the programme, its progression requirements and any programme-specific regulations. This information is therefore useful to potential students to help them choose the right programme of study, to current students on the programme, and to staff teaching and administering the programme.

Summary of amendments to the programme:

Section	Amendment
Programme Structure	At Level 4, option Law, Governance and Ethics has been replaced by Global Perspectives in Business

If you have any queries regarding the changes please email AQO@herts.ac.uk

Programme Specification BA (Hons) Finance

This programme specification (PS) is designed for prospective students, enrolled students, academic staff and potential employers. It provides a concise summary of the main features of the programme and the intended learning outcomes that a typical student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. More detailed information on the teaching, learning and assessment methods, learning outcomes and content for each module can be found in Definitive Module Documents (DMDs) and Module Guides.

A. Programme Rationale

The programme is designed to recruit students who are seeking a career in the field of finance, whether in the context of a financial institution, professional practice, and industry or service environments. The pathways also suit those who intend to pursue a career in general business, and who feel that an analytically based approach to problems would provide a viable route to employment.

The rationale of the programme is to provide students with an academically challenging and vocationally relevant programme of study in the fields of finance, and finance and economics. The programme combines and applies several supporting subject fields including ethics and quantitative techniques pertinent to the finance agenda. Subject specific modules are supported by skills modules and most students have the option to study a foreign language.

B. Educational Aims of the Programme

The programme has been devised in accordance with the University's graduate attributes of programmes of study as set out in [UPR TL03](#).

Additionally this programme aims to:

- provide students with a vocationally relevant and academically rigorous education in a programme which links to a key professional body (finance only);

- allow students to develop intellectual, creative and analytical abilities that enable them to appraise problems and to offer solutions;
- develop in students the interpersonal and specialist skills needed for a career in finance and economics;
- enable students to critically reflect upon themselves as professionals, individuals and as members of society;
- provide a foundation in the methods and applications of evaluative techniques to finance and economics related agendas;
- provide a foundation for further professional or postgraduate study;
- provide students with opportunity to study a foreign language and to gain appropriate employability skills within the global context

C. Intended Learning Outcomes

The programme provides opportunities for students to develop and demonstrate knowledge and understanding, skills and other attributes in the following areas. The programme outcomes are referenced to the QAA benchmark statements for Finance (2007) and the Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies (2014) and relate to the typical student. Additionally, the SEEC Credit Level Descriptors for Further and Higher Education (2016) have been used as a guiding framework for curriculum design.

D4-Demonstrate independent learning skills and the ability to self-manage learning	Critical analysis (D3) and synthesis of ideas (D2) is encouraged in all aspects of the programme but specifically in an academic context in 6BUS1192 Analysis of Current Issues in Finance.
D5-Reflect on personal learning styles and understand the importance of setting and pursuing personal learning and development goals.	Throughout, the learner is encouraged to develop transferable skills by maintaining a record of evidence and completing a personal development plan. The underlying theme is one that encourages the individual to take responsibility for their own personal development (D4).

D. Programme Structures, Features, Levels, Modules, and Credits

All pathways are all offered in full-time (3 years) and sandwich (4 years) modes of study. These lead, respectively, to the awards of:

BA (Honours) Finance,
BA (Honours) Finance and Economics

Or, upon successful completion of a placement, to:

BA (Honours) Finance (Sandwich),
BA (Honours) Finance and Economics (Sandwich)

Additionally, where applicable, the following suffix may be applied to award titles: 'with a Year Abroad' where at least two years of study have been completed, or 'with Study Abroad' where students have studied at least one semester abroad. More details are available from the Study Abroad Office and in the University UPRs.

Students may choose to follow this programme at a full-time or part-time rate of study.

Entry is normally at level 4 with suitable A-level or equivalent qualifications but it is possible to enter at levels 5 and 6 with suitable qualifications.

Intake is normally Semester A (September).

Professional and Statutory Regulatory Bodies

For the BA Finance, HBS will pursue the continuance of arrangements with the Association of Corporate Treasurers (ACT), whereby students and former students who have completed the pathway are eligible for exemption from some of the examinations which lead to membership of these Professional Bodies. If agreement is reached, the range of exemptions to which an individual student will be entitled depend on the level of achievement on this programme and the exact range of option modules selected.

Work-Based Learning, including Sandwich Programmes

A sandwich award requires the successful completion of at least 36 weeks placement activity (or students can opt to take a maximum of two separate placements, neither of which should be normally less than 12 weeks in duration). Students at HBS are then required to submit and pass a Placement Portfolio in order to gain the suffix '(Sandwich)' to their award. Information and support is available from the University's Careers, Employment and Enterprise Service.

Erasmus Exchange programme

The degree programme is open to all Erasmus students who select option choices from across the programme. For further details please contact the Programme Leader.

Study Abroad – Details on Study Abroad are available from the Study Abroad Office.

Students have the opportunity to study abroad (within Europe or world-wide), for one or two semesters, between Levels 5 and 6. The Study Abroad Office advises students on this process.

Students who have successfully completed Level 4 can choose to spend a year abroad, *additional* to their studies, studying either two semesters at the host institution, or mixing one semester of study abroad with a placement abroad (normally not less than 12 weeks in duration). Passing their studies will earn them the degree title suffix 'with a Year Abroad'. Programme Leaders must agree the Study Abroad. For students taking Study Abroad as additional to their UH studies, their degree classification is based on Level 5 and Level 6 grades gained from their UH modules, as for home UH students, as in the UPRs*.

Additionally, students may also take the opportunity to study level 5 at a host institution *in place of their level 5 at UH*. This requires a very good match between the UH Level 5 and the host institution's Level 5 (NB Students should seek advice from their Programme Leader where their programme involves professional exemptions). Programme Leaders must agree the Study Abroad, and only students who pass all 120 credits of their Level 4 at UH may substitute Level 5 at UH with Level 5 abroad. For these students, their degree calculation is derived solely from final year grades gained from UH modules at Level 6.

Finally, students may opt to study just one semester abroad, to earn the suffix 'with Study Abroad'. This can be explored further with the Study Abroad Office.

*Degree classification calculation information is available in the University Policies and Regulations (UPRs), AS14 Section D6. UPRs on Study Abroad are located within UPR AS11 in section 2.5.

Programme Structure

The programme structure and progression information below (Table 1a and 1b) is provided for the Honours award. Any interim awards are identified in Table 1b. The Programme Learning Outcomes detailed above are developed and assessed through the constituent modules. Table 2 identifies where each learning outcome is assessed.

Notes regarding progression from Level 4 into 5

Progression to level 5 on the honours route requires 120 credit points at level 4; for students with fewer than 120 credits at level 4 progression will be determined by the Programme Examination Board. Students are also required to pass the Principles of Finance module.

Notes regarding progression from Level 5 into Level 6

Progression to level 6 on the honours route requires 240 credit points at levels 4 and 5, of which at least 120 credit points must be at level 5; for students with fewer than 240 credit points at levels 4 and 5 progression will be determined by the Programme Examination Board.

Notes regarding awards gained on completion of Level 6

The award of an honours degree requires 360 credit points, with at least 240 credit points at level 5 or above, of which at least 120 credit points must be at level 6. An unclassified degree requires 300 credit points, with at least 180 credit points at level 5 or above, of which at least 60 credit points must be at level 6. In addition, for a sandwich degree, students must successfully complete the placement year and must achieve pass standard for the Placement Portfolio.

Honours classification

The University has approved structure and assessment regulations common to all programmes. Full details are provided in [UPR AS14](#), Section D.

Programme-specific assessment regulations

The programme complies with the University's academic regulations (in particular, [UPR AS11](#), [UPR AS12/UPR AS13](#) (*delete as applicable*) and [UPR AS14](#)) with the exception of those listed below, which have been approved by the University:

- Students must pass 4BUS1110 Principles of Finance before being allowed to proceed to level 5 on the pathway
- HBS UG placement students must submit and pass a placement portfolio to gain the suffix '(Sandwich)' to their award.
- Students trailing over 30 credits will not be permitted to engage in 'Study Abroad', and those with 30 credits or under should seek advice from their Programme Leader.

E. Management of Programme & Support for student learning.

Management

The programme is managed and administered through:

- The Dean of School
- Head of Department who has delegated responsibility for programmes in the School of Business
- Programme Leaders who are responsible for the day to day management and who advise students on the programme as a whole
- An Admissions Tutor, with specific responsibility for open days and selection
- Designated administrators to deal with day to day administration associated with the programme
- Module Coordinators who are responsible for individual modules
- A Placements Officer to assist with the procurement of placements
- A programme committee, the membership of which includes student representatives from each level of study and key members of the Business School.

Support

Students are supported by:

- A programme/year tutor to help students understand the programme structure

- An induction week at the beginning of each new academic session
- Overseas Orientation
- A substantial Student Centre that provides advice on issues such as finance, University regulations, legal matters, accommodation, international student support, etc.
- Office of Dean of Students, incorporating Chaplaincy, Counselling and Nursery
- Medical Centre
- HBS Information Point to provide academic and pastoral support
- An International and Direct Entry Support Tutor
- A Disabled Student Coordinator
- An Equal Opportunities Officer
- A team of Academic Support Tutors
- An Exchange Programme Coordinator
- A European and Study Abroad Office
- A Careers and Placement Service for all current students and graduates
- A Mathematics Drop-in Centre
- Student representatives on programme committees
- A designated administrator
- The Students' Union
- StudyNet, a versatile on-line interactive intranet and learning environment
- Attractive modern study environments in Learning Resource Centres
- Guided student-centred learning through the use of StudyNet
- A dedicated Centre for Academic Skills Enhancement (CASE)

F. Other sources of information

In addition to this Programme Specification, the University publishes guidance to registered students on the programme and its constituent modules:

- A Programme (or Student) Handbook;
- A Definitive Module Document (DMD) for each constituent module;
- A Module Guide for each constituent module.

The [Herts Handbook](#) is an introduction to the academic, social, cultural and sporting services and opportunities available at the University of Hertfordshire, and includes the Student Charter and Student Code of Conduct.

As a condition of registration, all students of the University of Hertfordshire are required to comply with the University's rules, regulations and procedures. These are published in a series of documents called 'University Policies and Regulations' (UPRs). The University requires that all students consult these documents which are available on-line, on the UPR web site, at: <http://www.herts.ac.uk/secreg/upr/>. In particular, [UPR SA07](#) 'Regulations and Advice for Students' Particular Attention - Index' provides information on the UPRs that contain the academic regulations of particular relevance for undergraduate and taught postgraduate students.

The UK Quality Assurance Agency for Higher Education (QAA) has confirmed the quality and standards of provision at the University of Hertfordshire. A key part of QAA's role is to review and report on how universities maintain their academic standards and quality, to inform students and the wider public. The team of QAA reviewers visited the University of Hertfordshire in 2015/16 and judged that its academic standards, the quality and enhancement of its students' learning experience, and the quality of information about this learning experience all meet UK expectations. In other words, the University meets national requirements for standards and quality. The QAA's report can be accessed at: <http://www.qaa.ac.uk/reviews-and-reports/provider?UKPRN=10007147#.V-KHajXyOnE>

G. Entry requirements

The normal entry requirements for the programme are:

- GCSE English Language and Mathematics at grade C or above, or qualifications recognised as equivalent by the University on its website at <http://www.herts.ac.uk/apply/entry-requirements/undergraduate-degrees/gcse-equivalent-entry-requirements>.

NB – Required GCSE grade is 4 for where exams are taken from 2017 onwards.

A minimum IELTS score of 6.0* or qualifications recognised as equivalent by the University on its website at <http://www.herts.ac.uk/apply/entry-requirements/undergraduate-degrees> will be accepted as alternative to GCSE English Language at grade C.

[*IELTS at no lower than 5.5 in every band]

PLUS, EITHER

- 96-112 UCAS points from qualifications which include a minimum of two GCE A levels/AVCEs or one GCE/ AVCE Double Award',
Or
- An overall pass in an Access to Higher Education Diploma with a Merit profile in the top 45 Level 3 credits,
Or
- Equivalent qualifications to be assessed by the Admissions Tutor

Non-standard entry to the programmes

The Hertfordshire Business School Undergraduate Admissions Team makes all admissions decisions regarding non-standard applications, including those from elsewhere in the EU and those for direct entry above Level 4.

Applicants with prior relevant undergraduate study and who meet the necessary English and Mathematics requirements are eligible to be considered for entry to the programme at Level 5 or Level 6. They should have 120 credit points at Level 4 or equivalent to join at Level 5, plus a further 120 credit points at Level 5. Those joining at level 6 need a further 120 credit points at level 5 or equivalent but are exempted the separate English and Mathematics requirements. The modules making up the previous 120 credit points of study must normally be passed at the first attempt and should contribute to an overall grade average of at least 55%.

The programme is subject to the University's Principles, Policies and Regulations for the Admission of Students to Undergraduate and Taught Postgraduate Programmes (in [UPR SA03](#)), along with associated procedures. These will take account of University policy and guidelines for assessing accredited prior certificated learning (APCL) and accredited prior experiential learning (APEL).
