Important points

- As one of the Bioscience degrees, this course shares a common first year with Biological Science, Biochemistry, Biomedical Science, Healthcare Science and Pharmacology. Students have the opportunity to transfer to a different degree pathway on the programme at the end of the first year.
- Students have the opportunity to undertake a placement year or a year abroad between second and final year. The Careers and Enterprise Service provides support for students in finding a placement opportunity. Some partner institutions for the year abroad stipulate a minimum overall grade at first year in order for a student to enroll on their programme.
- This degree holds accreditation from the Royal Society of Biology (RSB).
- Attendance at practical sessions is compulsory and students are required to pass the first year Practical and Transferable Skills module to progress to the second year of the degree programme.

Academic Year

Academic Year 2019 - 2020

The University's academic year is made up of 3 Semesters. For most undergraduate/postgraduate students the academic year is split into two Semesters (A & B). Each of these is made up of teaching weeks followed by exams (the re-sit period falls within Semester C)

- Semester A runs from Monday 23 September 2019 to Friday 17 January 2020
- Semester B runs from Monday 20 January 2020 to Friday 22 May 2020
- Semester C runs from Monday 25 May 2020 to Friday 18 September 2020
