You can find full details of your course in the *Programme Specification*.

Important points

- This programme meets the Health and Care Professions Council (HCPC) requirements for student radiographers, who upon graduation will be eligible to apply for registration with the HCPC.

- You will be subject to Enhanced Disclosure and Barring Service (DBS) checks and Occupational Health (OH) screening:
  - a) Non-disclosure of any criminal activity prior to or during your studies may lead to you being withdrawn from your programme, as outlined in the School’s Disclosure and Barring Service Procedure.
  
  b) OH screening will assess your ability to meet the programme requirements as set out in accordance with the Professional Statutory and Regulatory Bodies (or equivalent bodies). OH clearance will be required prior to your attendance on placement. If for any reason, you should fail to obtain OH clearance this will prevent you from meeting the programme requirements and may lead to your withdrawal from the programme.

- You must comply with the ‘Principles of Professional Behaviour’ expected of students detailed in the University’s Fitness to Practise Policy, in order to demonstrate that you are fit to practise; failure to do so may result in referral to University Fitness to Practise processes.

- The University’s Fitness to Practise Policy and Regulation (UPR SA15) can be accessed via the Index to the UPR series. The current version of the School’s Disclosure and Barring Service Procedure is available at this link HSK DBS Procedure. Students should read them carefully before accepting their offer, and contact us if they have any questions about anything in them.

- From 2018, new students will have access to the standard student support system provided by the Student Loans Company (SLC) to cover the cost of their tuition fees (which may include, as appropriate, costs associated with placement attendance) and means tested support for living costs. Further funding information for studying nursing, midwifery and allied health professions is available on The Funding Clinic website at [http://www.thefundingclinic.org.uk/](http://www.thefundingclinic.org.uk/)
Academic Year

**Academic Year 2019 - 2020**
The University’s academic year is made up of 3 Semesters. For most undergraduate/postgraduate students the academic year is split into two Semesters (A & B). Each of these is made up of teaching weeks followed by exams (the re-sit period falls within Semester C)

- Semester A runs from Monday 23rd September 2019 to Friday 17th January 2020
- Semester B runs from Monday 20th January 2020 to Friday 22th May 2020
- Semester C runs from Monday 25th May 2020 – Friday 18th September 2020

**Expected workload**
Please find below an estimate of how your time will be spent on this course during each year of study.

Appropriate footwear for placements
(black shoes [not sandals or open toes])

All  Mandatory  £20-£100

Black cardigan for placement

All  Optional  £10-£30

Books
Undergraduate study requires extensive reading and access to reference works. Recommended texts are available in the Learning Resources Centre either as eBooks or printed material. Please note that availability of printed material may be limited so students may wish to purchase their own copies. You will be studying 5 - 6 modules per year each with a variable number of recommended texts. You will use a number of these texts in multiple modules and across the programme (e.g. radiographic positioning and imaging texts, anatomy, physiology and pathology texts).

All  Mandatory  Approx. £50-£70 per text

Replacement costs for EVS Handsets and ID Badges
Electronic Voting System (EVS) handsets, ID badges, name badges and personal monitoring badges will be given to you at the beginning of Year 1. If you lose these then you will have to pay replacement costs.

All  Mandatory  EVS replacement £35
ID Card replacement £10
Name badge £5
Personal monitoring badge £5

*Eligible students are able to claim back their costs, in line with NHS criteria.

Attendance
The expectation is that you will attend all your taught and practical sessions and clinical placement.

Programme accreditations
The BSc (Hons) Diagnostic Radiography and Imaging programme is accredited by the professional body, the Society and College of Radiographers and the national UK regulatory body, the Health and Care Professions Council.

Mandatory modules
All modules are mandatory on this programme.
