Important points

- This programme meets the Nursing and Midwifery Council (NMC) requirements for student midwives, who upon graduation will be eligible to apply for registration with the NMC professional register.
- You will be subject to Enhanced Disclosure and Barring Service (DBS) checks and Occupational Health (OH) screening:
- Non-disclosure of any criminal activity prior to or during your studies may lead to your withdrawal from the programme, as outlined in the School's Disclosure and Barring Service Procedure.
- OH Screening will assess your ability to meet the programme requirements as set out in accordance with the Nursing and Midwifery Council. OH clearance will be required prior to attendance on placement. If, for any reason, you should fail to obtain OH clearance this will prevent you from meeting the programme requirements and may lead to your withdrawal from the programme.
- You must comply with the 'Principles of Professional Behaviour' expected of students detailed in the University's Fitness to Practise Policy, in order to demonstrate that you are fit to practise; failure to do so may result in referral to University Fitness to Practise investigation processes.
- The University's Fitness to Practise Policy and Regulation (UPR SA15) can be accessed via the [Index to the UPR series](#). The current version of the School's Disclosure and Barring Service Procedure is available at this link [HSK DBS procedure](#). Students should read them before accepting their offer, and contact us if they have any questions about anything in them.
- From 2017, new students will have access to the standard student support system provided by the Student Loans Company (SLC) to cover the cost of their tuition fees (which may include costs associated with placement attendance) and means tested support for living costs. Further funding information for studying nursing, midwifery and allied health professions is available on The Funding Clinic website at <http://www.thefundingclinic.org.uk/>
