Important points

The MSc Mental Health Recovery and Social Inclusion is designed to recruit students internationally onto a wholly online programme aimed at professionals from all mental health disciplines, service users, carers, service managers, policy makers and those who aspire to be leaders in their areas of expertise and in their country.

This part-time course will provide students with the knowledge and skills to make a difference to the recovery and social inclusion of people experiencing mental distress.

**The programme aims to:**

- Provide students with the knowledge and skills to work with service users, carers, and agencies, to develop policies practice and manage mental health work to aid the recovery and social inclusion of people experiencing mental distress
• Develop understanding of national and international processes for, and developments in, the recovery and social inclusion of people experiencing mental distress

**IT Skills required:**

Basic IT skills are a requirement for anyone wishing to study online. For example, you will need to be confident using an internet browser, communicating via email and using Microsoft Office tools (e.g. Word, Excel) or equivalent. An ability to learn and adapt to new technologies is also important, for example, you will be asked to participate in a virtual classroom session, contribute to a discussion forum and upload assignments to an online portal.

**Course delivery**

This course is delivered 100% online via the University’s virtual learning environment StudyNet. It can be studied flexibly, which allows you to fit your studies around your work and life commitments. However, there will be specific deadlines to submit or take assessments.

*You will find full details on your assessment schedule in the relevant Module Guide, which will be published at the start of the module.*

Number of study hours will vary depending on your prior knowledge and experience with the subject. The expectation for a 30-credit module is to study 20-25 hours per week over 12 weeks.

**Method of assessment**

All assessment is by coursework. The dates of assignment submission are fixed.

If you cannot meet the assignment deadlines, you must inform the Module Leader in advance of the deadlines to get appropriate advice.
**Additional expenses**

You can find full details of your course tuition fees in the *Fees and Finance Policy.*

Courses materials (i.e. e-books, software or support materials) are usually included in your tuition fees, unless specified otherwise.

**System requirements:**

To study Online, you will need access to a suitable computer and a good reliable Internet connection. Most modern PCs and Macs (less than five years old) should be fine. As a guide, you need a minimum of:
