Important points

The BA Honours Business Studies programme provides students with the opportunity to study across a range of business disciplines, establishing a firm grounding to pursue a wide variety of careers in business. The programme places a major emphasis on employability skills, and the flexibility of option choices allows students to select modules to match their skills and interests. It achieves this through a blend of academic study, intercultural awareness and employability and enterprise skills development. The Business 'with' pathway aims to give students an opportunity to combine their study of business with more specialist related topics.

The Business Studies and Business Studies 'with' pathways are designed to allow flexibility with students able to switch out of a 'with' pathway into the Business Studies pathway at L5 and L6.
