Important points

- This programme meets the Health and Care Professions Council (HCPC) requirements for student paramedics, who upon graduation will be eligible to apply for registration with the HCPC.
- You will be subject to Enhanced Disclosure and Barring Service (DBS) checks and Occupational Health (OH) screening:
 - a) Non-disclosure of any criminal activity prior to or during your studies may lead to your withdrawal from the programme, as outlined in the School's Disclosure and Barring Service Procedure.
 - b) OH screening will assess your ability to meet the programme requirements as set out in accordance with the Professional, Statutory and Regulatory Bodies (or equivalent bodies). OH clearance will be required prior to your attendance on placement. If, for any reason, you should fail to obtain OH clearance this will prevent you from meeting the programme requirements and may lead to your withdrawal from the programme.
- You must comply with the 'Principles of Professional Behaviour' expected of students detailed in the University's Fitness to Practise Policy, in order to demonstrate that you are fit to practise; failure to do so may result in referral to University Fitness to Practise processes.
- The University's Fitness to Practice Policy and Regulation (UPR SA15) can be accessed via the [Index to the UPR series](#). The current version of the School's Disclosure and Barring Service Procedure is available at this link [HSK DBS Procedure](#). Students should read them carefully before accepting their offer and contact us if they have any questions about anything in them.
- You will be expected to attend a minimum of 80% of each module and all practical sessions are compulsory.
- Modules are taken sequentially, requiring all modules to be successfully passed prior to moving into subsequent years.
