Important points

This programme meets the Health and Care Professions Council (HCPC) requirements for apprentice occupational therapists, who upon graduation will be eligible to apply for registration with the HCPC.

- You must provide via your employer an Enhanced Disclosure and Barring Service (DBS) check and Occupational Health (OH) screening:
 - a) Non-disclosure of any criminal activity prior to or during your studies may lead to your withdrawal from the programme, as outlined in the School's Disclosure and Barring Service Procedure.
 - b) OH screening will assess your ability to meet the programme requirements as set out in accordance with the Professional Statutory and Regulatory Bodies (or equivalent bodies). OH clearance will be required prior to your attendance on placement. If for any reason, you should fail to obtain OH clearance this will prevent you from meeting the programme requirements and may lead to your withdrawal from the programme.
- You must comply with the 'Principles of Professional Behaviour' expected of students detailed in the University's Fitness to Practise Policy, in order to demonstrate that you are fit to practise; failure to do so may result in referral to University Fitness to Practise processes.
- The University's Fitness to Practise Policy and Regulation (UPR SA15) can be accessed via the Index to the UPR series. The current version of the School's Disclosure and Barring Service Procedure is available at this link [HSK DBS Procedure](#). Students should read them carefully before accepting their offer and contact us if they have any questions about anything in them.
- The expectation is that you will attend all of your taught sessions. Student attendance may be taken into account by the Board of Examiners.
- All modules are mandatory on this programme.
- We will use every reasonable effort to provide your educational and other related services in the manner and to the standards set out in our prospectuses, on our website, and in our other published materials. At times there may be circumstances outside our reasonable control which have a detrimental effect on how we provide our services to you. If circumstances such as these arise, we cannot make an absolute commitment that your studies will not be disrupted, but we will use every reasonable effort to minimise any disruption to you.

- Due to the nature of certain programmes of study, we advise applicants who will be under 18 years of age on or after the date of registration that this may mean there are financial implications and/or an impact on the structure, timing and trajectory of their studies, since the legislative requirements for safeguarding students under the age of 18 may present challenges in securing an appropriate range and scope of practice placements. If you have any concerns, we would be pleased to discuss the issues outlined above with any potential applicants.
