Code	Title
CTMCMP	MA Creative Music Production

You can find full details of your course in the *Programme Specification*.

### Important points

This award is aimed at applicants specifically interested in applying studio technologies and skills to the creation of their own original music (as opposed to “producing” other artists’ music).

In addition to providing solid bases in the studio technology, processes and practices, the course addresses the purely formal, artistic and aesthetic aspects of music-making, and the specific compositional devices and strategy applicable to DAW-based realisations of original material. Teaching sessions are scheduled over 2 days a week, normally Tuesday and Wednesday.
