Important points

- The programme is offered full-time over 1 year, and leads to the award of an MSc Finance and Investment Banking. It equips students with essential knowledge and skills sought by employers for a successful career in finance and investment banking roles, including equity valuation, fixed income valuation, portfolio management, understanding of economic fundamentals, quantitative research, financial statements analysis.
- Specific careers that may be appropriate include a range of investment banking roles (e.g. financial analyst, investment manager, securities' analyst and portfolio manager) as well as roles within financial departments of corporations/organisations (e.g. treasury, financial control, risk analysis etc.).
- The programme offers a sound platform and preparation for doctoral research in the areas of accounting, finance and economics. It echoes the Chartered Financial Analyst Institute® (CFAI®) examinations, level one and level two, providing students with a solid foundation to sit that body's examinations on completion.
