GLOBAL HEALTH HISTORIES SEMINARS

Seminar 54:
Global and national progress in reproductive rights for women since 1950

Friday 24 June 2011 • 12.30–14.00 • Salle B

Dr Gayle Davis will present a national perspective on reproductive rights, using research from Scotland since 1950.

Dr Adrienne Germain will review commitments made at the UN International Conference on Population and Development and the contributions of women's health and rights activists over the past 25 years.
