

Environmentally friendly disposal

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free.

The owner of old appliances is responsible to bring the appliances to these collecting points or similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substances.

Your Dash learns new skills when updated to the newest **Bragi OS**.
Download from update.bragi.com

..... Make sure your Dash is charged before updating.

update.bragi.com

When connected to your computer you can also upload songs into the **My Music** folder on The Dash.

▶ Video tutorials on bragi.com/support

Insert

1. Tilt The Dash slightly forward.
2. Insert the tip firmly in your ear canal.
3. Adjust The Dash by rotating it backwards.

The PerfectFit

bragi.com/support

Your Dash will automatically turn on once both **The Left & Right Dash** are inserted

PerfectFit

Try all FitSleeve & FitTip sizes to get the PerfectFit. The sensors must be in contact with your skin to get best tracking results.

L M S XS

FitSleeves best for Activities

L M S
FitTips Pro best for Audio

1
Remove FitTips

2
Put on FitSleeves or FitTips

3

And now ...

Connect

Control

First connect Audio

Insert The Dash into your ear and search for **The Dash** in the Bluetooth® menu of your device.

! If your Dash does not show up in the list, do a Long Hold (5 sec) on the Right Dash. You can find video tutorials on bragi.com/support

..... Long Hold (5 sec) on the Right Dash to make Bluetooth® visible

Then connect Sensors

To connect The Dash sensors to your device, open the Bragi App and select your Dash in the device list.

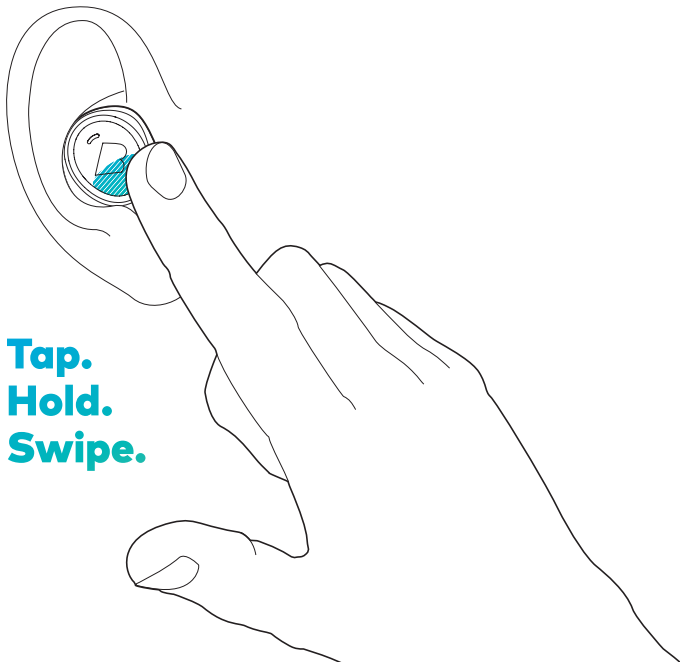

! Make sure to connect The Dash audio system first before connecting the sensors.

EarTouch

Control your Dash with tap, hold and swipe gestures using the EarTouch Interface.

Tap.
Hold.
Swipe.

The EarTouch Interface is located on the lower half of each Dash.

Hold on both Dash simultaneously to turn **TouchLock** on
