

GDPR

THE EU'S GENERAL DATA PROTECTION REGULATION

KMK

METALS · RECYCLING

WHAT IS IT?

The General Data Protection Regulation significantly changes data protection law in Europe, strengthening the rights of individuals and increasing the obligations on organisations.

WHO DOES IT APPLY TO?

It applies to all public & private organisations, globally that handle, store or process the personal data of EU citizens.

'Personal Data Breach'

This is a breach of security which leads to the unlawful or accidental destruction, alteration, loss, unauthorised disclosure of, or access to personal data stored, transmitted or otherwise processed.

All data stored should be obtained by consent.

I Agree

I Disagree

BE READY!

- Know your data
- What data exists?
- Where is the data held?
- How is the data managed?
- Who has access to the data?

DATA PROTECTION OFFICER

- Staff training
- Internal audits
- Notify supervisory authorities in event of breach

Data Breaches must be reported within 72 hours to the supervising authority.

CONSEQUENCES OF NON-COMPLIANCE ARE SEVERE:

- Fines up to 20,000,000 or 4% of global turnover
- Potential class action lawsuits from data breach victims
- Disruption to your business
- Damage to brand reputation

Your ITAD Provider

ITAD providers shall be fully compliant to DATA SECURITY! Your ITAD provider / WEEE Recycler must demonstrate best practice in DATA SECURITY to evaluate & mitigate risk in the chain of custody from collection to processing of data containing devices and equipment.

KMK

Your Partner in secure management of data

KMK understands and values clients' confidentiality and legal requirements when it comes to entrusting us with their redundant assets, reject products or prototypes and sensitive material for destruction. We will work to your specifications to provide secure destruction of your assets or sensitive information carriers.

A variety of data destruction and digital media sanitation services to fit your requirements are available from KMK covering - Hard disk-drives (HDD) as well as data storage devices such as mobile and smart-phones, tablets and backup tape drives and CD's.

KMK has achieved WEEELABEX accreditation and can offer secure data destruction or shredding of sensitive information carriers. This activity can be witnessed directly or by a 3rd party security company.

Ensure that your brand and data are ready for the GDPR
