The SPV Developer and the Vehicle Company, together with the Platform and the Investor, shall be referred to as the "**Parties**."

The Parties acknowledge that they have sufficient legal capacity to enter into this investment agreement for the purpose of subscribing for shares (the "Agreement") and, to that end,

DECLARE

- I. That the Platform, which is authorized as a participatory financing service provider by the National Securities Market Commission, file number 2023045268 and authorized by license number 4, is a company that connects a limited number of users, known as investors (natural or legal persons), who offer financing in exchange for a monetary return, with users who request financing on their own behalf for a real estate crowdfunding project, known as Developers.
- II. The Platform is a "*participatory financing platform*" as defined in Article 2 of Regulation (EU) 2020/1503 of the European Parliament and of the Council of October 7, 2020, on European providers of participatory financing services for businesses, and amending Regulation (EU) 2017/1129 and Directive (EU) 2019/1937 (the "**Regulation (EU) 2020/1503**").
- III. That the SPV Developer is a limited liability company whose corporate purpose includes, among others: the "*Management and administration of real estate*" (CNAE 6832).
- IV. That, likewise, the Vehicle Company is a limited liability company whose corporate purpose includes, among others: the "*Management and administration of real estate*" (CNAE 6832).
- V. That the Platform has presented to users registered on its website a project whereby the Investor, together with other investors (collectively referred to as the "Investors"), will subscribe to a capital increase to be carried out through cash contributions to the Vehicle Company. The purpose of this capital increase is (i) the acquisition by the Vehicle Company of shares in the context of a capital increase of the SPV Developer, and (ii) the development of a real estate project consisting of **a luxury villa**, located at **Calle Halcón Peregrino 10, Urbanización Cerro Artola, Benahavís (Málaga)**, on **plot no. 16,995 of the Marbella Property Registry no. 4**, and in respect of which the SPV Developer has signed a purchase option agreement for its acquisition, which is expected to be formalized in a public deed (the "Property"). All of this is based on a forecast of specific economic and time conditions (the "Project").
- VI. The Investor has expressed to the Platform its interest in participating in the Project by indirectly participating in the share capital of the SPV Developer through the delivery of a monetary contribution (the "Investment"), assuming the risk and venture of the Project in order to obtain, where appropriate, any profits that may be generated.

In accordance with the foregoing, the Parties, in their respective capacities and interests, have agreed to formalize this Agreement, which shall be governed by the following:

TERMS AND CONDITIONS

0. PURPOSE

The purpose of this agreement is to regulate: (i) the terms and conditions applicable to the Investment granted by the Investor through the Platform in favor of the Developer SPV; (ii) the relations between the Parties; and (iii) the principles of action of the Developer SPV in relation to the Project.

1. PRE-CONTRACTUAL REFLECTION PERIOD

As stated in Article 22 of Regulation (EU) 2020/1503, the Investor, if considered a non-professional investor, shall have a period of four calendar days, starting from the moment the investment offer or expression of interest is made on their part, in this Project, during which they may revoke their investment offer or expression of interest in the participatory financing offer at any time, without having to justify their decision and without incurring any penalty.

To exercise this right, the Investor must send an email to contacto@urbanitae.com within a maximum period of four calendar days from the date on which they submitted their investment offer. In any case, the Platform reserves the right to select, at its discretion, the investors with whom to carry out the Project or to complete the Investment Objective (as defined below) with new investors other than the Investor.

2. COMMITTED CONTRIBUTION

The Platform will publish on its website the total and aggregate amount of money necessary for the proper development and execution of the Project (the "**Financing Target**") in order to advertise it to potential investors. For the purposes of the Agreement, the Investor's Committed Contribution shall be understood to be the specific amount that the Investor authorizes and commits, through the Platform, to finance the Project, thereby contributing to the achievement of the Financing Target.

By signing the Agreement, the Investor undertakes, subject to the Suspensive Condition described in clause 18, to deliver funds of a monetary nature as share capital to the Developer SPV, which accepts them (the "**Committed Contribution**"), in the amount specified in the specific conditions attached to this Agreement as **Annex I** (the "**Specific Conditions**") for the purpose of subscribing to the number of shares in the Vehicle Company (which in turn takes a stake in the Developer SPV) that proportionally correspond to the Financing Target. All shares to be subscribed shall be of the same series and class and shall therefore have the same rights.

Once the Financing Target has been reached within the period established for the Project, the Investor will be informed that their Committed Contribution will be transferred to an account held by the Vehicle Company. To this end, by entering into this Agreement, the Investor grants, through the Platform, an irrevocable mandate so that, once the Financing Target is reached, the following actions are carried out

- (i) the corresponding transfer in favor of the SPV Developer for the purpose of increasing the share capital.
- (ii) the formalization, in the name and on behalf of the Investor, of the aforementioned capital increase, including the subscription and payment of the number of shares corresponding to them in proportion to their Committed Contribution to the Financing Target; and
- (iii) the execution of any public and private documents that may be necessary, convenient, or appropriate for the purposes of the correct execution, implementation, and documentation of the capital increase, as well as the corresponding shareholders' agreement referred to above. In this regard, the Investor undertakes to provide any documentation that may be required by the Platform for these purposes.

The Financing Target will be contributed to the Promoting SPV and will be used exclusively for the capital increase in the Promoting SPV to finance the Project, as well as to cover the expenses provided for in this Agreement, in accordance with the details described in the Project published by the Platform on its website.

3. CO-INVESTMENT

The share capital of the Developer SPV will be held, in addition to the Vehicle Company, by a third party outside the Platform (the "Co-investor"), which will contribute funds of a monetary nature and/or non-monetary assets, such as land, to facilitate the development of the Project. In the event that the Co-investor makes non-monetary contributions, the valuation thereof must be supported by third-party reports. The Co-investor shall hold a majority stake in the SPV Developer.

In order to regulate the relationship between the Co-investor and the Investors, a partnership agreement shall be signed to regulate, among other matters, the following, which in all cases shall be in accordance with the provisions of the Contract:

- Debt policy of the SPV Developer
- Reinforced majority regime.
- Regime for the transfer of shares (a period of non-transferability may be established).
- Valuation of transactions related to the Co-investor.

4. THE ADMINISTRATIVE BODY OF THE VEHICLE COMPANY

The administrative body of the Vehicle Company will take the form of a single administrator appointed for an indefinite period, namely Mr. **Miguel Ángel Manzanares Macias** (the "**Administrative Body of the Vehicle Company**").

5. PROJECT DEVELOPMENT AND EXECUTION AND EXPENSE POLICY

Under the Financing Objective, the Investor authorizes the SPV Developer to proceed with the acquisition of the Property, as well as the payments necessary for the construction and marketing of the Development for the price and with the limitations described on the website. If, for any reason, it is not possible to acquire the Property in accordance with the planned specifications, the SPV Developer will submit the new conditions to the Investors for approval via the website. The possibility of the SPV Developer taking on debt for the purpose of financing the development of the Project is expressly acknowledged.

Likewise, the following expenses will be borne by the SPV Developer and charged to the Financing Objective: (i) expenses for the capital increase of the SPV Developer; (ii) expenses that the SPV Developer may incur in the development of the Promotion, including, but not limited to: technical and professional fees, work certifications, purchase of materials, health and safety projects, supplies, insurance, fees, and taxes; etc.; (iii) expenses related to the services necessary for the SPV Developer to comply with its legal, accounting, tax, and census obligations related to the Development; (iv) expenses and taxes arising from the marketing of the Development; (v) administration fees related to the Development; (vi) commissions paid to intermediaries for the acquisition and/or transfer of the real estate units that make up the Development; (vii) the Platform's commission in accordance with what is published on its website; (viii) financial expenses and amortization of third-party debt taken on for the development of the Project; and (ix) in general, any other expense necessary for the implementation of the Project, provided that it is valued at market conditions.

Expenses and taxes arising from the transfer of shares in the SPV Developer that may eventually be agreed between Investors, as partners, and users registered on the Platform's website are excluded and shall be paid by the Parties as agreed between the transferor and the acquirer.

6. DIVESTITURE

The Parties acknowledge that the Investor has made its Committed Contribution with the commitment that the SPV Developer will proceed with the disposal of the Development that is the subject of the Project (the "Divestment") within a limited time frame. The Investor authorizes the SPV Developer to dispose of the real estate units that make up the Development at any time during its development, provided that the conditions of sale comply with those indicated in the Project and that the remaining proceeds are used as remuneration for the Investment under the terms set forth in this Agreement.

If, as a result of the situation in the real estate market, at the time of the Divestment the sale price of any real estate unit comprising the Development is lower than that provided for in the Project, the SPV Developer

shall seek the Investors' authorization for the new conditions of sale through the Platform. Authorization shall be deemed to have been granted in accordance with the provisions of clause 21 ("**General Provisions**") below.

7. DISTRIBUTIONS

The cash management of the SPV Developer shall be governed by the principle of maximum distribution to Investors, subject to the minimum operating cash flow necessary for the development of the Project in the amount established in the Specific Conditions.

The total return obtained from the Divestment, net of operating expenses, insurance, and applicable taxes, shall be distributed to Investors in accordance with the legal formula deemed most efficient at any given time. By way of example only, distributions may be made in the form of dividend distributions, capital reductions, or liquidation proceeds (hereinafter, the "Distributions").

Distributions shall be made to Investors in proportion to their share in the share capital and in accordance with the information published by the Platform.

Distributions shall be paid into the payment account held by the Vehicle Company at the payment institution with which the Platform operates and shall be subject to the applicable withholding taxes.

If necessary, the Investor undertakes to adopt or ensure that the corresponding agreements are adopted in order to proceed in accordance with the legislation applicable to the Distributions. Distributions in kind will not be possible.

Once the dissolution of the Developer SPV has been agreed, it must be liquidated as soon as possible. In this regard, the Investors, in their capacity as partners, undertake to carry out all acts that are necessary, precise, and convenient for this purpose.

The Investor acknowledges that extraordinary circumstances not foreseen in the Project (including, but not limited to: fall in real estate market prices, decrease in demand, increase in construction costs, delays in administrative deadlines for obtaining permits or licenses) may lead to future distributions being delayed or falling short of their Committed Contribution, assuming the risk and venture of the Investment as participants in the share capital.

8. PRINCIPLES OF ACTION OF THE DEVELOPER SPV

The Developer SPV undertakes to Investors that its activity will comply, in all cases, with the provisions of the Project published on the Platform's website and, in particular, that the Financing Objective will be used exclusively for the purpose set out in the Project.

Specifically, without limitation, once the Property has been acquired, the SPV Developer must carry out the following tasks, either directly or through the management company hired for this purpose:

- (i) the execution, promotion, and marketing of the Development in the manner described in the Project;
- (ii) the overall management of the SPV Developer (through its administrative body or, where applicable, through the corresponding authorized subcontractor) from the signing of this Agreement, including, among others, the following tasks:
 - keeping its accounts up to date;
 - settling the corresponding taxes;
 - convening, attending, and participating in ordinary and extraordinary general meetings held by the company, when required by the Platform, to discuss, among other things, matters affecting the Property; and
 - providing, through the Platform, up-to-date information at all times regarding the management services provided for in this section, as well as any other technical, financial, or business information that the Platform may reasonably request.
- (iii) The disposal of the real estate units that comprise it must be carried out taking into account the medium-term divestment objective and in accordance with the distribution policy set out in the previous clause.
- (iv) carry out the tasks necessary to launch and execute the Project, limiting the use of funds received as Investment to what is strictly necessary for the development of the Project and ensuring at all times

- compliance with applicable regulations and the minimization of expenses, in accordance with the objectives of the Project;
- (v) once the estimated period for disposal has elapsed, as set out in the Project information published on the Platform's website, it shall actively promote the search for offers aimed at Divestment;
 - (vi) signing the corresponding management and marketing contract for the Development, which must be a contract on market terms, both with regard to fees and economic conditions, and in the area of services provided, compliance with applicable regulations, and assumption of liability to the SPV Developer for breach of its obligations; and
 - (vii) the SPV Developer must have in place at all times the corresponding insurance policies covering all the risks inherent in the development and operation of the Project, including, but not limited to, civil liability, multi-risk, and ten-year liability in relation to the real estate assets that make up the Development.

9. OBLIGATIONS TO INFORM PARTNERS

The Platform undertakes to provide the Investor with information regarding the status of the Project through the Platform's website, without prejudice to any other obligations to provide information to the partners of the commercial companies that the administrator of the SPV Developer must comply with in accordance with applicable legislation.

Likewise, the Platform, among its obligations set forth in Article 23.8 of Regulation (EU) 2020/1503, shall immediately inform the Investor of any substantial change in the information that has been transmitted to them in relation to the Project, provided both on the Platform's website and in this Agreement.

For these purposes, a substantial change in the information shall be understood to be one that, while not having an impact on the profitability of the Project, provided that it does not jeopardize its viability or entail an alteration to the detriment of the Investor, affects the control structure of the companies involved in it, even when such modification entails a change in the Financing Objective communicated to the Investor.

To this end, the Platform reserves the right to make any structural changes to the Project on behalf of the Investor that are necessary to optimize it, and must report any changes in the space created for each Investor in the Project on the Platform's website, providing a Project monitoring document explaining how the operation will ultimately be structured.

10. RELATIONSHIPS BETWEEN INVESTORS

In the event of any discrepancy between the provisions of this Agreement and the Articles of Association of the Promoting SPV (which must be adjusted in the event of any discrepancy between them so that they are consistent with the content of this Agreement), the provisions of the Agreement shall prevail in all cases between the Parties.

Notwithstanding the foregoing, any changes that may occur under the terms of the previous provision shall be taken into account, which shall be communicated to each Investor and shall prevail in all cases over the provisions of the Agreement.

The Parties irrevocably undertake to adopt, once the condition precedent set forth in clause 18 has been fulfilled, all those corporate agreements of the General Meeting or the administrative body that are necessary to carry out any of the agreements established in the Agreement and, to that end, at the headquarters of the Vehicle Company, to convene, notify, and carry out all necessary actions so that said bodies may validly meet by electronic means through the Platform's website for the adoption of agreements, as well as all subsequent acts that may be necessary or convenient for the full effectiveness of the agreements adopted by them.

the Development; (ii) making payments or transactions with an entity related to the Management Body of the SPV Developer, except those arising from the provisions of the service contracts provided for in the Project, in the articles of association of the SPV Developer (the "**Articles of Association of the SPV Developer**") or in this Agreement; and (iii) approving expenses or acquisitions of shares not provided for in this Agreement.

12. GENERAL MEETING OF THE SPV DEVELOPER

ANNEX I

SPECIAL CONDITIONS

We present a new project consisting of the acquisition of a plot of land located in the Cerro Artola residential area, Benahavís, Málaga, for the development of a new luxury villa. The villa will have 7 bedrooms, a gym, a private pool with a private garden, and a garage, spread over 3 floors. In addition, the plot has sea views. The villa is part of a project that will be developed in conjunction with another adjoining villa, also financed through Urbanitae.

The Casa Coral Project is located at Calle Halcón Peregrino 10, in the Cerro Artola residential development, part of the municipality of Benahavís. The development is located on the side of a mountain, but close to the sea, so the plot has sea views. The development stands out for its privacy and exclusivity as it is a gated community with few units. The area is close to golf courses, residential clubs, and luxury destinations typical of the Costa del Sol, which reinforces the property's status as a premium asset.

Benahavís is a municipality located in the interior of the western Costa del Sol, between Marbella, Estepona, and Ronda. It stands out for its natural environment, low urban density, and high-quality residential developments. It is located about 7 kilometers from the coast and less than a 15-minute drive from landmarks such as Puerto Banús, San Pedro de Alcántara, and Marbella. This proximity, combined with its tranquility and good connections to the main transport routes, makes Benahavís one of the most highly valued residential areas in the province of Málaga.

PROJECT DESCRIPTION

The developer of this opportunity is CASAS FINTECH, an investment management company dedicated to the development and promotion of luxury real estate. It is part of the Madre SGPS Group, one of the most recognized investment consortiums in Portugal with an international presence, which owns and manages companies in the tourism, real estate, healthcare, publishing, media, renewable energy, agriculture, and food sectors.

CASAS FINTECH has a team of professionals with extensive experience in project development, budgeting, construction, architecture, investment portfolio management, sales, and marketing. Its team has a long history of managing real estate investments on the Costa del Sol and combines experience with technical, marketing, and sales expertise to take the utmost care of each project and adapt to the needs of each user.

The Casa Coral and Casa Coragem projects will be the fourth and fifth villas financed by CASAS FINTECH through Urbanitae, following the Casa Piamonte, Casa Cazorla, and Casa Orquídea projects, all located in Malaga. Casa Piamonte has already been sold at a price higher than that established in the business plan, demonstrating the developer's commercial and management capabilities.

The project has a capital gains strategy, which consists of a partnership with the manager for the development of a promotion located in Benahavís. Contributions from Urbanitae investors will be delivered to the manager via a capital increase to the vehicle company that will bring together all the contributions from Urbanitae investors in the project: RIVENDEL PROPERTIES 2, S.L. This company will subsequently increase the capital of the project's developer, F.B. CASA CORAL, S.L.

The manager has formalized a purchase agreement and has already paid the deposit. The license has been applied for and is expected to be granted in Q4 2025.

The contribution from Urbanitae investors will be used to cover part of the land acquisition, together with the funds provided by the manager. The construction work will be financed by a developer loan granted by a financial institution.

Marketing of the project has not yet begun, as it is a luxury villa and will only start once construction is complete. It will be led by a local marketing company with extensive experience in the area.
