10. GRANTING OF LOAN IN FAVOR OF COGITARI FLIP. GENERAL CONDITIONS

10.1. Loan

The Committed Contribution intended for the granting of the Loan in favor of Cogitari Flip will be governed by the terms and conditions established in this Agreement and in the Specific Conditions.

The Loan granted by the Investor is in the nature of a **financing product**, the return of which depends exclusively on the ability of Cogitari Flip, in its capacity as borrower, to meet its obligation to repay the interest accrued and principal of the Loan in a timely manner.

For information purposes only, it is expressly stated that the granting of the Loan by the Investor entails the assumption of a risk of (i) total or partial loss of the Committed Contribution; and (ii) failure to obtain the expected monetary return.

The Investor acknowledges that extraordinary circumstances not foreseen in the Project (but not limited to: falling prices in the real estate market, decrease in demand, increase in construction costs, delay in the administrative deadlines for obtaining permits or licenses, etc.) may lead to the monetary return to be obtained in the future being delayed or lower than its Committed Contribution, assuming in its capacity as lender the risk and risk of the execution of the Project.

The granting of the Second Addendum to the Loan will be formalized with Cogitari Flip by the Investor, represented by the Platform in accordance with the irrevocable mandate granted in Stipulation 2 above, in a private document.

For clarification purposes, the Investor acknowledges that the Loan may be granted in one or more tranches, depending on the financing needs of the Project, incorporating new Investors as lenders.

10.2. Destination and purpose of the Loan

Cogitari Flip undertakes to allocate the funds received from the Loan solely and exclusively as indicated in this Agreement, and in particular in accordance with the provisions of Stipulation 4 above.

The Loan shall be deemed to have been granted, with respect to tranche C, once the Condition Precedent has been fulfilled, and therefore from that moment Cogitari Flip shall be obliged to reimburse the amounts due as principal, to pay any interest, commissions, taxes and expenses accrued, as well as to comply with the other commitments for which it is responsible in accordance with the terms and conditions established in this Agreement.

Cogitari Flip undertakes to adopt, within its corresponding corporate bodies, and as soon as possible after the granting

of the Loans in its favor, as many decisions and agreements as may be pertinent to comply with the Financing Objective.

10.3. Accrual of interest. Interest Period.

Cogitari Flip undertakes to pay interest on the Loan in favour of the Investor at the interest rate provided for in the Specific Conditions.

The principal of the Loan pending repayment at any given time will accrue interest on a daily basis in favour of the Investor at the corresponding interest rate set out in the Specific Conditions.

Interest will be understood to accrue on the basis of a year of three hundred and sixty (360) days and will be calculated by the days effectively elapsed in the Interest Period – as it is defined later – (at the end of which the initial day of the Interest Period will be understood, in any case, as effectively elapsed and the final day as not effectively elapsed).

The duration of the Interest Period will coincide with the duration of the Loan, as specified in the Specific Conditions, and therefore there will be a single interest or settlement period, which will therefore begin on the date on which the Loan must be understood to have been granted in accordance with the provisions of Stipulation 10.2 above.

The interest corresponding to the single Interest Period will be due on the maturity date of the same, coinciding with the maturity of the Loan and will be paid within a maximum period of ten days from its maturity. The Platform will carry out the distribution of the amounts paid by Cogitari Flip for the Loan, paying the Investor the part that corresponds proportionally to him, net of tax withholdings if legally applicable.

10.4. Most Investors

The decisions that correspond to the Investors under the Loan will be adopted, unless otherwise expressly provided therein, by the Majority of the Investors, and any decision so adopted will be binding on each and every one of them.
