8. REGIME OF ACTION OF THE ADMINISTRATIVE BODY OF THE SPV

The Parties agree that the Management Body of the SPV, except with the prior consent of the Investors (in the manner indicated in clause 17 "General Provisions"), may in no case adopt any of the following actions: (i) approval of additional expenses charged to the Financing Objective other than those provided for in this Agreement; (ii) acquisition of shares or shares not provided for in this Agreement; (iii) adoption of any agreements that could prejudice, hinder or prevent the repayment of the Loans; and (v) adoption of any agreements that could prejudice, hinder or prevent the correct execution of the Pledged Guarantees in the event of non-compliance, by the SPV, of the obligations contracted under the terms of this Agreement, and in the contract in which the Loans are documented, if applicable.

9. REPRESENTATIONS AND WARRANTIES REGARDING THE SPV

The SPV is a company of Spanish nationality, validly existing in accordance with Spanish law, constituted for an indefinite period in a deed authorised by the Notary Public of Castell-Platja d'Aro, Ms. María Teresa Martín Peña, on 16 August 2019 under protocol number 662, and registered in the Mercantile Registry of Girona, Page GI-65835, Volume 3259, Folio 187, 1st inscription, IRUS 1000218096788.

In addition, the SPV declares that in no case will expenses, costs or damages arising from activities other than those provided for in Stipulation 4 be borne under the Financing Objective.

10. GRANTING OF LOAN IN FAVOR OF THE SPV. GENERAL CONDITIONS

10.1. Loan

The Committed Contribution intended for the granting of the Loan in favor of the SPV will be governed by the terms and conditions established in this Agreement and in the Specific Conditions that are attached to this document as **Annex I**.

The Loan granted by the Investor is in the nature of a **financing product**, the return of which depends exclusively on the ability of the SPV, in its capacity as borrower, to meet its obligation to repay the interest accrued and principal of the Loan in a timely manner.

For information purposes only, it is expressly stated that the granting of the Loan by the Investor entails the assumption of a risk of (i) total or partial loss of the Committed Contribution; and (ii) failure to obtain the expected monetary return.

The Investor acknowledges that extraordinary circumstances not foreseen in the Project (but not limited to: falling prices in the real estate market, decrease in demand, increase in construction costs, delay in the administrative deadlines for obtaining permits or licenses, etc.) may lead to the monetary return to be obtained in the future being delayed or lower than its Committed Contribution, assuming in its capacity as lender the risk and risk of the execution of the Project.

The granting of the Loan will be formalized with the SPV by the Investor, represented by the Platform in accordance with the irrevocable mandate granted in Stipulation 2 above, in a private document.

10.2. Destination and purpose of the Loan

The SPV undertakes to allocate the funds received from the Loan solely and exclusively as indicated in this Agreement and, in particular, in accordance with the provisions of Stipulation 4 above.

The Loan shall be deemed to have been granted at the time of making the Loans available to the SPV once the Condition Precedent has been fulfilled, and the SPV shall therefore be obliged to reimburse the amounts due as principal, to pay any interest, commissions, taxes and expenses accrued, as well as to comply with the other commitments for which it is responsible in accordance with the terms and conditions set forth in this Agreement.

The SPV undertakes to adopt, within its corresponding corporate bodies, and as soon as possible after the granting of

the Loans in its favour, as many decisions and agreements as may be relevant to comply with the Financing Objective.

10.3. Accrual of interest. Interest Period.

The SPV undertakes to pay interest on the Loan in favour of the Investor at the interest rate provided for in the Specific Conditions.

The principal of the Loan pending repayment at any given time will accrue interest on a daily basis in favour of the Investor at the corresponding interest rate set out in the Specific Conditions.

Interest will be understood to accrue on the basis of a year of three hundred and sixty (360) days and will be calculated by the days effectively elapsed in the Interest Period – as it is defined later – (at the end of which the initial day of the Interest Period will be understood, in any case, as effectively elapsed and the final day as not effectively elapsed).

The duration of the Interest Period will coincide with the duration of the Loan, as specified in the Specific Conditions, and therefore there will be a single interest or settlement period, which will therefore begin on the date on which the Loan must be understood to have been granted in accordance with the provisions of Stipulation 10.2 above.

The interest corresponding to the single Interest Period will be due on the maturity date of the same, coinciding with the maturity of the Loan and will be paid within a maximum period of ten days from its maturity. The Platform will carry out the distribution of the amounts paid by the SPV for the Loan, paying the Investor the part that corresponds proportionally to it, net of tax withholdings if legally applicable.

10.4. Most Investors

The decisions that correspond to the Investors under the Loan will be adopted, unless otherwise expressly provided therein, by the Majority of the Investors, and any decision so adopted will be binding on each and every one of them.

"Majority of Investors" shall be understood to mean all the URBANITAE Investors whose participation in the Loan Amount pending repayment or repayment represents at any time more than fifty percent (50%) of the same.

For the above purposes, the Platform will inform the Investors of the decisions to be submitted for their consideration, which will be understood to be accepted by each Investor if they do not express their opposition in writing within 15 calendar days. Any decision made on the basis of the Loan

to Investors, shall be deemed to require the agreement of a Majority of Investors, unless otherwise indicated.

For information, the declaration of early maturity of the Loan or the novation of the Loan shall be subject to the decision of the Majority of the Investors. Notwithstanding the foregoing, the decision on the enforcement of the guarantee(s) shall correspond exclusively to the Platform, which shall decide at its sole discretion on such enforcement for the proper management and safeguarding of the corresponding judicial process.

10.5. Mandatory ordinary depreciation

The SPV shall fully repay the Loan and repay all amounts due to the Investor under this Agreement upon the maturity of the Loan indicated in the Specific Conditions.

10.6. Voluntary early repayment

The SPV may repay the total amount of the Loan in advance, regardless of whether or not it coincides with the end of the Interest Period and prior notice to the Platform of at least twenty (20) calendar days. Early repayment will include, together with the main object of repayment, all the interest that has accrued up to the date of early repayment, which, if repaid before month 9, must in any case include the amount of interest accrued in that period of time. The SPV will not pay any commission for early repayment.

10.7. Common Rules

The SPV's obligation to make payments to the Investor will be considered satisfied when the SPV has sufficient funds to cover its payment obligation in the virtual account that the SPV has on the Platform, and effectively does so.

The SPV is obliged to make and settle the withholdings on capital income that the current tax legislation requires

it to make at any given time.

The payments derived from the Loan, both for principal, interest and expenses, will be made (i) either on the same day that the Loan matures or in accordance with the provisions of this Agreement for the early repayment of the same, or (ii) at the time they are due from the Investor in accordance with the provisions of this Agreement, by debiting these amounts into the corresponding account in the name of the Platform, without the need for prior payment order. The SPV undertakes to have sufficient funds in this account to meet the aforementioned payments.

The amounts received by the Investor as payment will be charged firstly to the reimbursement of expenses and taxes, secondly, to default interest, thirdly, to ordinary interest and, as far as it is exceeded, to the outstanding principal.

10.8. Late payment interest

Any delays that may occur, both in the payment of the principal and in the payment of the interest and expenses payable by the SPV, will accrue daily in favor of the Investors, the default interest indicated in the Particular Conditions, without the need for notice, from the day following the maturity or enforceability of the unpaid amount and until its full payment.

Late payment interest will be paid in one lump sum, together with the payment of the interest due or the principal of the Loan, as the case may be, or, failing that, on the date of maturity of the Loan or declaration of the early maturity of the Loan.

10.9. Joint and independent nature of each Investor's Loan

The contractual position assumed by each Investor vis-à-vis the SPV in relation to its respective Loan is of a joint nature, and therefore the rights and obligations of the Investor are independent with respect to the rest of the Investors, unless otherwise expressly established in this Agreement and subject, where appropriate, to the majority regime established in the Loan Agreement. binding the decision that may be adopted to all the Investors.

10.10. Obligations of the VPH

In relation to the Loan, the SPV undertakes to:

- Repay the principal of the Loan and make effective the other concepts at their expense for any reason (ordinary interest, late payment interest, Platform fees and expenses of any kind) on the dates and conditions agreed in the Particular Conditions.
- The SPV undertakes to provide the Platform with the information or documentation requested by the Platform on their financial situation, within a maximum period of fifteen (15) days from the request and, specifically, to provide documentary evidence that they are up to date with the payment of their respective tax obligations, with the Social Security and with their workers.
- The SPV undertakes to use the entire amount of the Loan for the purpose described in your Loan application and in this Agreement.
- To carry out and cooperate in all the necessary actions in order to obtain, extend or renew any authorisation that is necessary for the due fulfilment of the obligations arising from this Contract.
- The SPV acknowledges and authorises the persons designated by the Platform to carry out all physical or documentary checks to check the details described above, and to provide the requested supporting documents.

Unless expressly authorised by the Investors, The SPV undertakes not to (i) incur in additional debt to that derived from the Committed Investment that is not intended for the execution of the Promotion; (ii) not to grant loans or guarantees in favor of third parties; (iii) not establish any type of guarantee, pledge, mortgage or any other type of real charge or encumbrance of the same nature on its assets in favor of third party creditors other than the Investors; (iv) not participate directly or indirectly in projects other than the Project; and (v) not to make distributions to its partners.

However, and as an exception to the above, the SPV may exercise the powers identified in numeral (iii) of the previous paragraph, without express authorization from the Investors in the event that such actions are executed in favor of the potential purchasers of the real estate units that are part of the Development and in order to proceed with their effective transfer.

The obligations of information and authorisation for the performance of documentary checks provided for in this clause for the SPV shall also apply to any guarantor, pledger or, in general, to any guarantor of the Loan.

10.11. **Loan Guarantees**

The SPV is responsible for the complete and timely fulfillment of the obligations assumed under this Agreement and the Loan Agreement (the "**Guaranteed Obligations**") with all its assets, present and future, in the sense in which Article 1,911 of the Civil Code is pronounced regarding the universal patrimonial liability of the debtor.

In addition and without prejudice to the foregoing, the SPV will grant the following Committed Guarantees, which will be granted in a single act with the signing of the Loan Agreement, in order to ensure the complete and punctual fulfillment of the Guaranteed Obligations assumed by the SPV under the terms provided for in this Agreement:

- **First-rank mortgage** on the registered properties corresponding to the 28 dwellings (14 units in Block A and 14 units in Block B – "Primary Registered Properties"), with a mortgage liability of 140% on the principal of the loan.
- **Promise of mortgage** on the 28 parking spaces that make up the Project ("Secondary Registered Properties"). The Borrower irrevocably undertakes to constitute a mortgage on the Secondary Registered Properties in the event of (i) a default of the Loan or the occurrence of a cause for early maturity and consequent declaration of early maturity; or (ii) as a condition precedent to the lifting of Section C.
- **First-rank pledge** on all the shares of the borrowing SPV.
- **First-rank pledge** on all current accounts (without the intervention of funds) of the borrowing SPV.
- **Cash-sweep**: Application of a cash sweep of 70% of the net proceeds derived from the sale of the units, intended for the priority amortization of the principal and interest of the loan until its full repayment. The cash sweep does not apply to the reserves or earnest money contributed by the purchasers of the Project, which will be fully committed to the development of the Project.
- **Maintenance of the Guarantees** during the life of the loan and impossibility of granting the same or better guarantees in favor of other creditors.
- **Equity Commitment Letter** to cover (i) c.42% of the contingencies budgeted in the Business Plan and (ii) any contingencies not budgeted in the Business Plan.
- **Any additional corporate loans** will need to be subordinated to our debt.

10.12. **First Range Real Estate Mortgage**

The SPV, as a guarantee of the complete and punctual fulfillment of its Guaranteed Obligations, undertakes to grant a real right of real estate mortgage of first rank over the following registered property:

- Registered properties that make up the Asset (currently made up of a total of 56 registered properties, including properties no. 25415 to 25458) registered in the Land Registry of Sant Feliu de Guíxols, on which the development and completion of the work will be carried out under the terms described in **Exhibit IV** above (the "**Mortgage**"). The SPV declares that the property in question does not have any charges or encumbrances that have not been previously reported.

For the purposes of the constitution and execution, where appropriate, of the guarantees indicated in point 10.11 and in this point 10.12 (the "**Committed Guarantees**"), the Investor subscribes in a single act and indissoluble with this Agreement, the mandate agreement attached as **Annex II**, in favor of the corresponding Guarantee Agent as this term is defined in said mandate agreement.

To this end, without prejudice to the irrevocable mandate granted by the Investor in favour of the Platform by virtue of Stipulation 2 above, the Investor undertakes to execute as many public and private documents, of any kind, as may be necessary, relevant or convenient for the proper execution of both Pledged Guarantees, all at the request of the Platform.

Finally, and in accordance with the provisions of this Agreement, the contractual position of the Investor in the Loan may be assigned to a third party previously determined by the Platform for the correct constitution and execution of the Pledged Guarantees.

10.13. Loan Assignment

The Investor may assign all or part of its rights under the Loan subject to prior notification to the SPV. The assignment will automatically entail the subrogation of the assignee in the position of the assignor, both in relation to this Agreement, and in any other contract, if any, in relation to the financing of the Project. Notwithstanding the foregoing, the validity of the assignment will be subject to the registration of the new creditor on the Platform.

In such case, the Pledged Guarantees subject to this Stipulation shall subsist and continue to produce full effects.

10.14. Investor Resource

If, for any reason, the SPV does not meet the repayment of the Loan within the terms and conditions provided, the Investor assumes in any case the risk of default and acknowledges that it will have recourse against the SPV's assets.

11. INFORMATION REGARDING PAYMENTS AND RISKS ASSOCIATED WITH OPERATIONS

The Investor declares to have read and understood the risks associated with the operation and investment described on the Platform's website and, in particular, declares to be aware of the risk of total or partial loss of the capital invested as a Loan, the risk of not obtaining the expected monetary return, as well as the risk of lack of liquidity to recover the investment.

12. FEES AND EXPENSES

The following fees will be accrued in favour of the Platform and at the expense of **the SPV**:

- **Project fee:** Once the funding campaign has ended, the SPV must pay the Platform the project fee indicated in the Particular Conditions, which is calculated on the basis of the Funding Target, plus the applicable Value Added Tax. The project fee for each Loan will be deducted only once from the total funds of the Loan prior to the availability of the funds to the SPV.

- The SPV does not make a payment or pays only partially an amount due under this Agreement;

 - In the event that all or part of the Committed Guarantees are declared invalid or unenforceable by a court ruling and the SPV has not submitted to the Platform a satisfactory and sufficient alternative guarantee that fully replaces the potentially unenforceable or invalid Committed Guarantees within fifteen (15) days from the time it is reliably requested to do so by the Platform.

14. LEGAL CLAIM

In the event of non-compliance with the payment obligations arising from the Contract and the consequent early termination of the same, the Platform may transfer, in the name and on behalf of each of the Investors, the contractual position of the Investors in the Loans to a third party, whether a natural or legal person, including for the purpose of executing the Pledged Guarantees or claiming the corresponding debt through the filing of the resulting actions of this Agreement. To this end, the Platform may refer the legal claim to the unpaid debt collection agency with which it reaches an agreement for the claim of the payments due linked to its Loan.

Nor does it assume any liability arising from the Platform's failure to comply with any of its obligations in relation to the Loan and to the Investors.

Acceptance of your appointment as Collateral Agent does not imply, either expressly or impliedly, that you warrant or represent to the Principals or any third party that the Loan has been validly subscribed or that the Loan and the Financing Agreement are in accordance with applicable law; the Guarantee Agent is exonerated from any type of liability related to the Loan and the Guarantees.

The Warranty Agent assumes no responsibility for the authenticity, accuracy or correctness of the information that, by virtue of the provisions of this Agreement, is sent to it by the Platform. Nor does it assume any liability arising from the Platform's failure to comply with any of its obligations in relation to the Loan and to the Investors, or for the integrity, validity and effectiveness of the Guarantees granted by the SPV in relation to the Loan.

Any instruction or decision to be taken by the Investors in relation to the Collateral Agent shall be made in accordance with the majorities and other circumstances regulated in the Loan Agreement.

In the event that the Collateral Agent must request the authorisation of the Investors (which may only be granted by the corresponding majority), it will inform the Platform, which in turn will transmit the application to all the Investors in the Project, for the assessment of the application submitted.

Voting will only be open to those natural or legal persons who, at the time of the decision, hold a percentage of the Loan (i.e. who are considered to be "Investor"), and excluding any third party assignee who has acquired a share in one or more of the Loans through channels other than the Platform and this has not been previously notified to Urbanitae at least five (5) business days before the Date of opening of voting.

The voting period will last five (5) Business Days (although it may be extended at the discretion of Urbanitae up to a maximum of fifteen (15) Business Days, on its own initiative or at the request of the Guarantee Agent), after which Urbanitae will communicate, through the Platform, the results of the vote to the Guarantee Agent and the Investors.

Once the Platform notifies the Collateral Agent of the adoption of an agreement by the Investors, the Collateral Agent must refrain from carrying out acts that may contravene such agreement, and must carry out any acts necessary, where appropriate, to allow or promote its implementation.

The agreement adopted by the Investors and communicated by the Platform to the Collateral Agent shall be considered binding in all its effects on the Collateral Agent, as well as on all Investors.

The duration of the Agreement will be extended, either (i) until the full repayment of the Loan by the SPV, in timely compliance with the obligations assumed by it under the Loan Agreement, and the consequent cancellation of the Guarantees; or (ii) in the event of non-compliance with the Secured Obligations, until the completion of the Guarantee enforcement procedure in the event that the Collateral Agent is instructed to proceed with their enforcement.

For the appropriate purposes, it is hereby stated that the termination of the enforcement procedure of one of the two Guarantees will not imply the termination of this Agreement, which will remain in force, as long as one of the Guarantees, or the enforcement procedure thereof, remains in force.

11. Cases of resolution

This Agreement shall be terminated early, in addition to the cases specifically regulated in other Clauses thereof, in the following cases:
