Unit 4b, Old Haymarket

4,047 sq ft

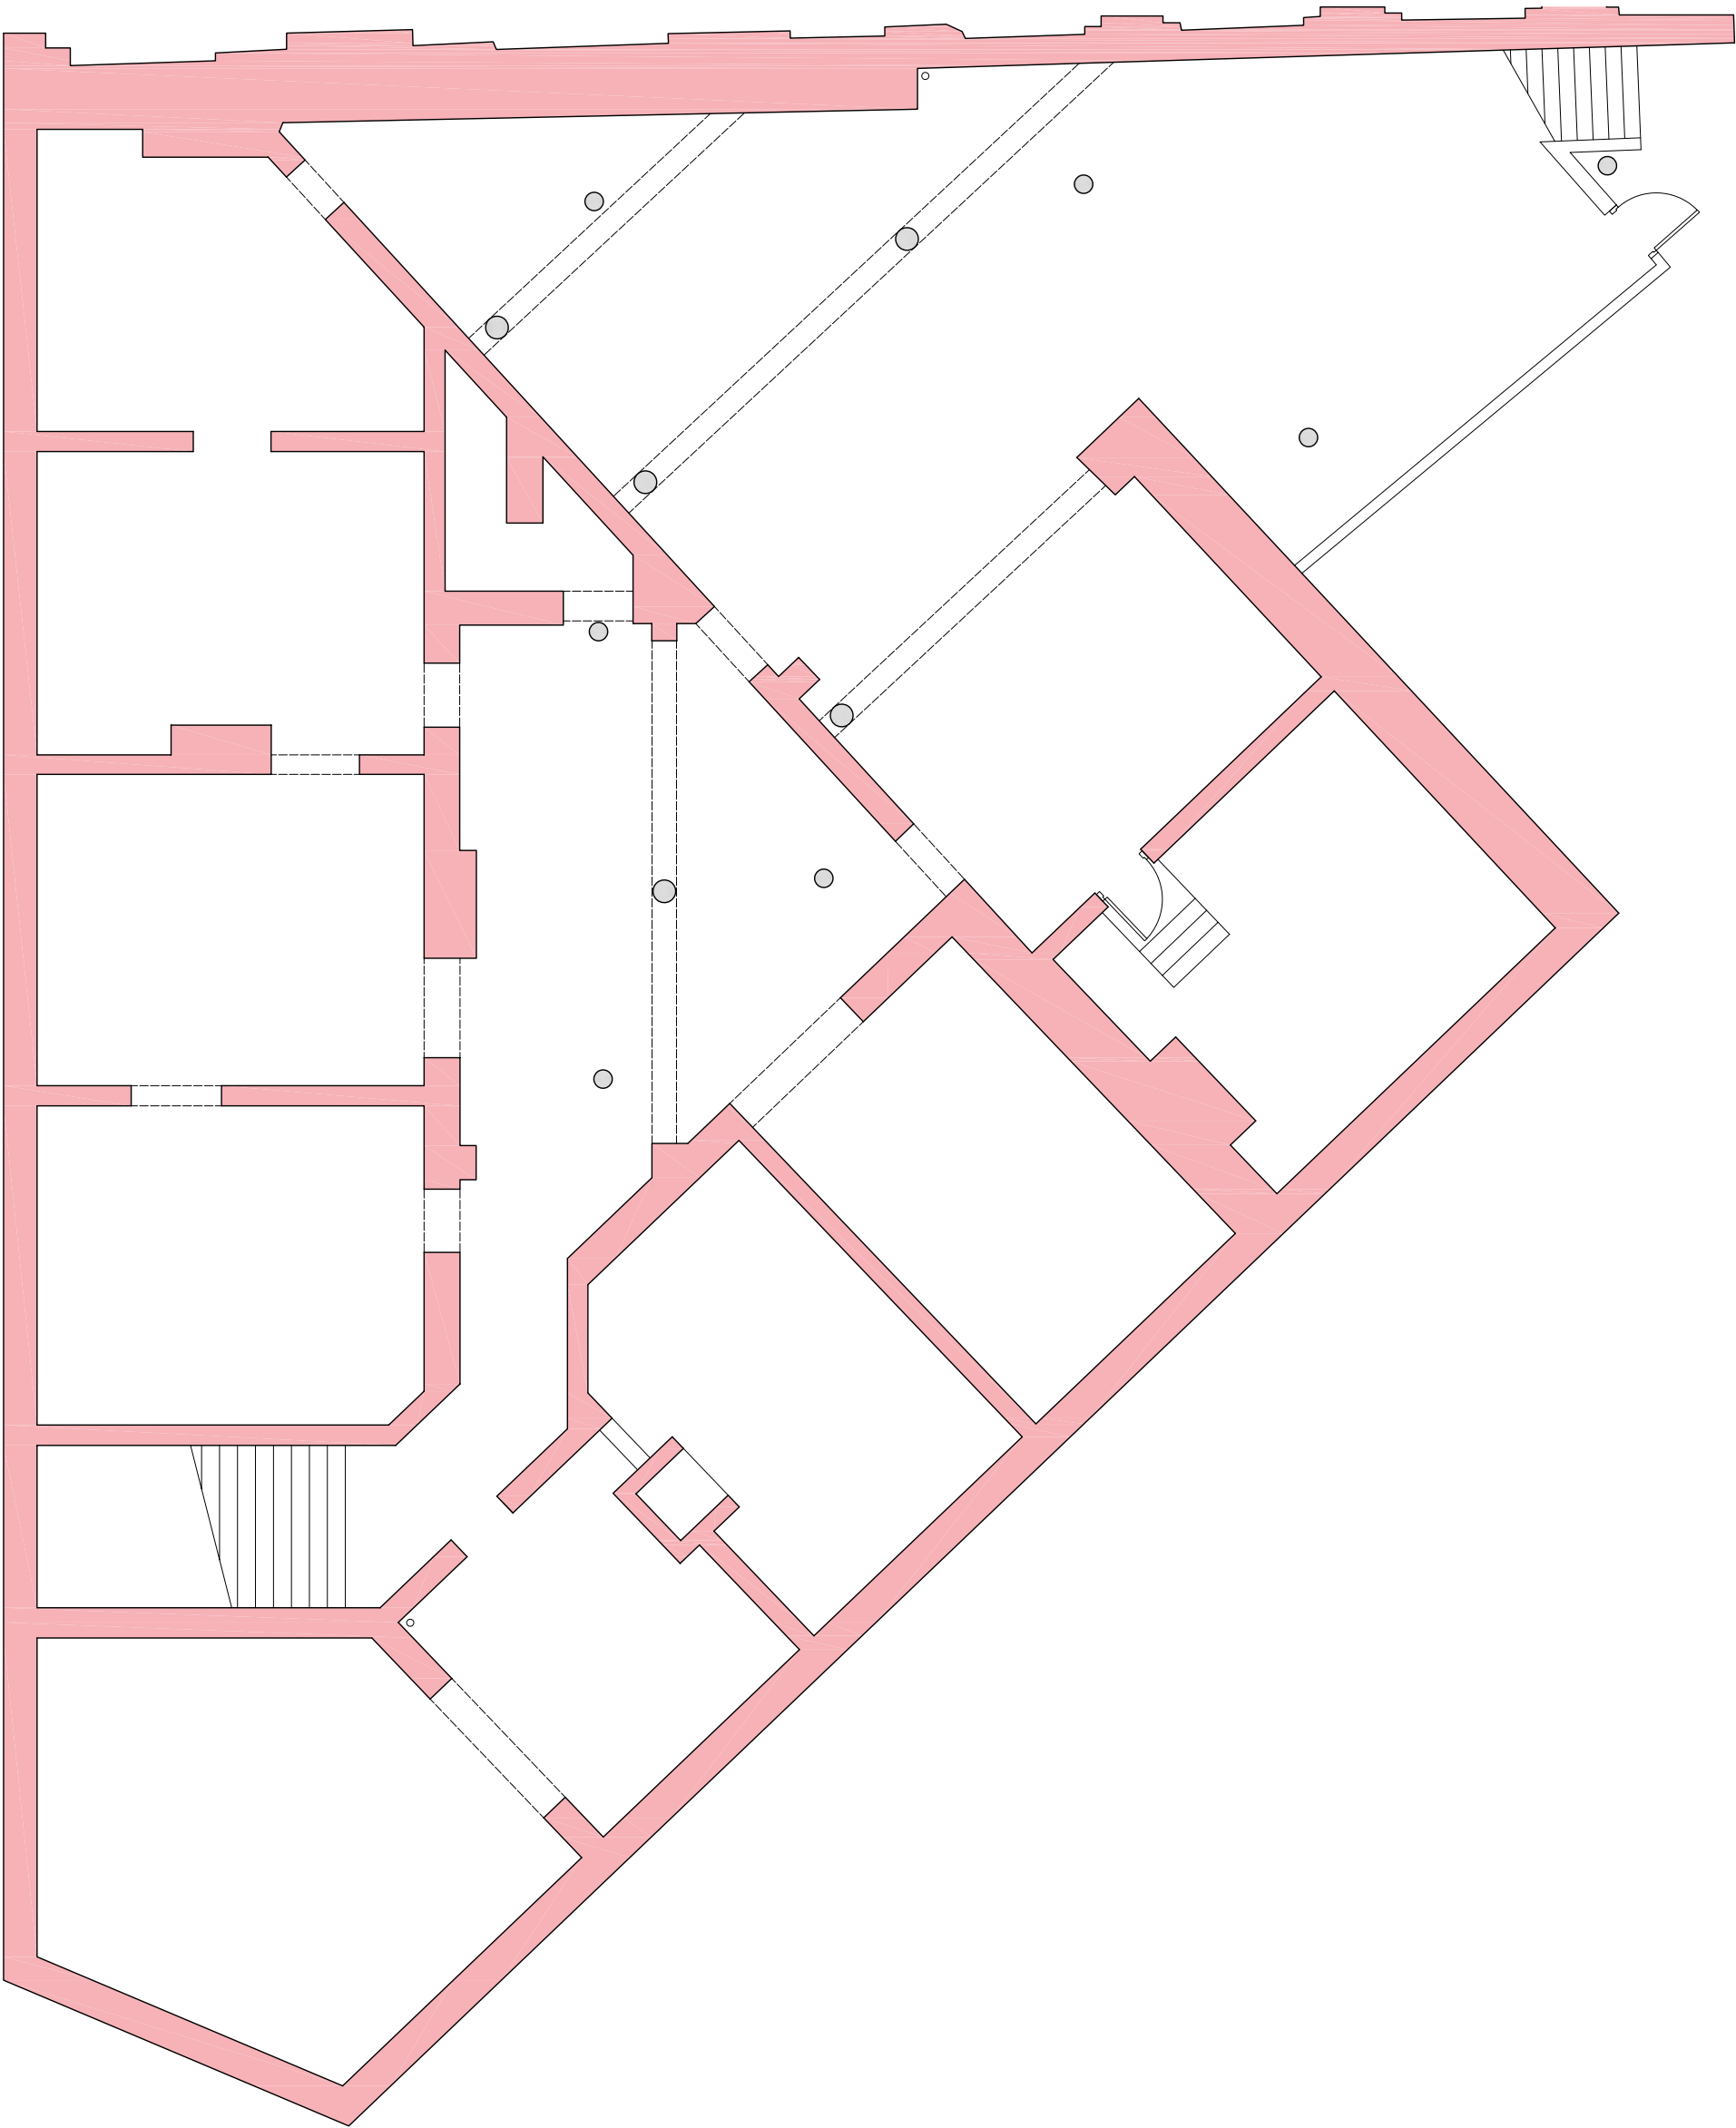

Liverpool

Old Haymarket seamlessly mixes Edwardian conversions and new buildings to create high-quality urban apartments and retail outlets. The triangular site occupies one city block between the busy Preston and Victoria Streets, and Old Haymarket. It consists of three refurbished buildings and one new building, created on the site of buildings which were demolished due to irreparable decay.

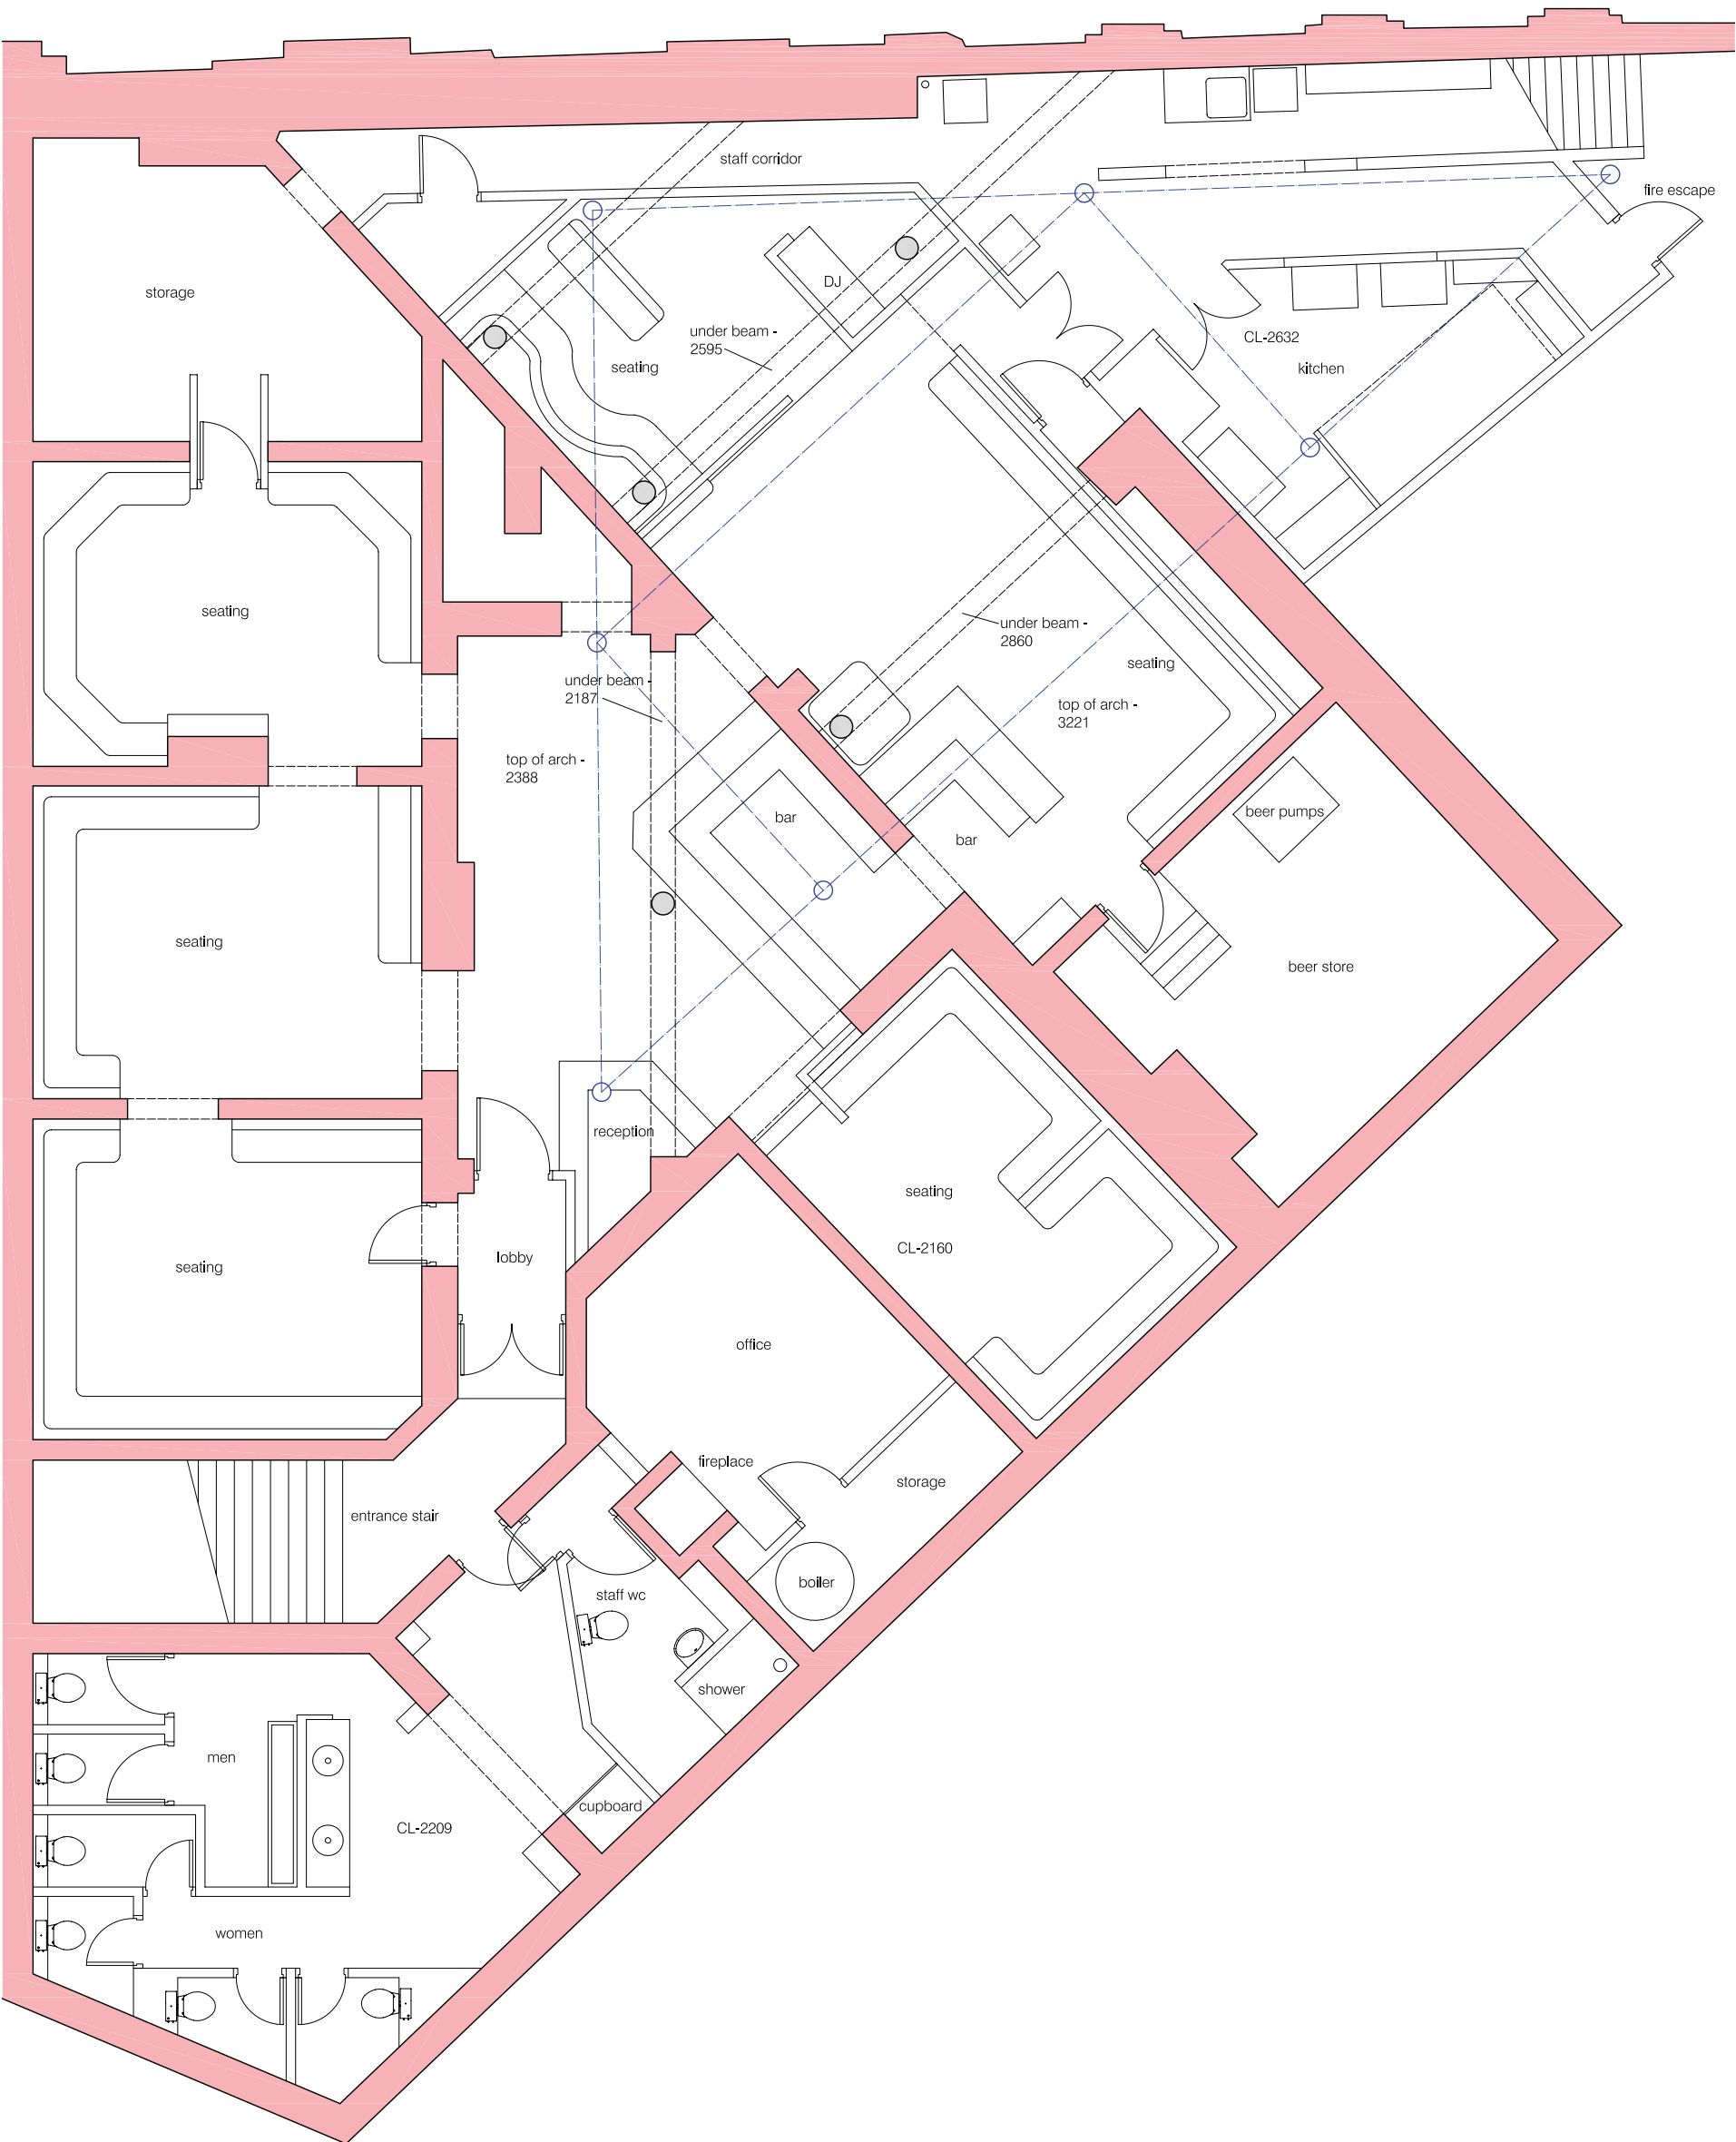

The aim was to create a mixed-use building that would attract a variety of people to the area at all times of day, not only regenerating the buildings, but bringing new hope to a run-down area with a reputation for being dangerous after dark. The site has been sensitively designed to make the most of the existing features, particularly the red brick elevations.
