

OPTILIGHT WINDOW CODES & GLASS SIZES

Ordering blinds for your Optilight Skylight window could not be easier. On the frame of the window there will be a plate detailing the window code. Use the information to order your blind on the website.

Optilight use the same frame sizes as Fakro so the plates are similar to those on the Fakro windows.

If you cannot find the code and are 100% sure you have an Optilight window, then use the table below to find your window code from the visible glass size.

If you are at all unsure please contact us for further help.
