

Performance at the Touch of Your Fingertips

Bringing you user-friendly features
and powerful software suites for an
unrivalled performance.

Delivering ease-of-use and powerful performances each and every time.

Brother brings you best-of-class range of scanners that combines form and function into one reliable machine. Designed for exceptional usability at home, in the office or on the road, it offers fast, high quality scanning that optimizes productivity.

FAST, HIGH QUALITY SCANNING!

With the capacity to scan up to 24 pages per minute (ppm) and 48 images per minute (ipm) at 1,200 dpi, colour documents can be scanned just as quickly as black-and-white. Plus, 2-sided documents are scanned at the same speed as single-sided pages.

AS EASY AS 1-2-3!

Located on the front of the scanners for quick access, the operation panel could not be easier to use! With 'one-touch' scanning technology, you can start, stop, and resume scanning operations at the touch of a button.

PACKED WITH ADVANCED* FEATURES

In addition to detecting and removing blank pages, these smart scanners also allow you to eliminate unnecessary background. Placed the image the wrong way up? No worries, the auto rotate and de-skew will take care of it. You can also scan a high volume of pages with the continuous scanning mode. For scanning of large documents, the innovative 2-in-1 mode stitches two images into one.

**Applicable to ADS-1100W, ADS-1600W, ADS-2100 and ADS-2600W only*

BUNDLED SOFTWARE

Brother scanners come bundled with a comprehensive software suit to help enhance your workflow efficiency and productivity. Empowering you to easily digitalise, manage and retrieve your documents!

WINDOWS

Nuance™ PDF Converter Professional 7/8

Create, convert, re-assemble and share searchable PDF files.

Nuance™ PaperPort™ 12SE

Scan into PDF files for simple management of documents and allows viewing, editing and sharing variety of document types.

Presto! BizCard 6

Scan and convert business cards data into a searchable digital database that can be shared with desktop organisers, contact managers and more

Control Center 4

Customise the settings to have easy access to the machine's main functions

Button Manager V2

Configure several scan options using the direct scan button and send files directly to specified application.

DSmobileCapture

A utility to capture and view scanned documents from the mobile scanner.

MAC

Presto! PageManager 9

Scan and organise digitised files. View, edit, send and save files as searchable PDF, HTML, RTF or TXT files.

Presto! BizCard 5/6

Scan and convert business cards data into a searchable digital database that can be shared with desktop organisers, contact managers and more

Control Center 2

Customise the settings to have easy access to the machine's main functions

DSmobileCapture

A utility to capture and view scanned documents from the mobile scanner.

THE BUSINESS CLASS

FOR THE DEMANDING PROFESSIONAL!

The innovative space-saving design coupled with top-of-the range speed make this the perfect work partner for your busy office environment! Fast and reliable, it lets you enjoy error-free scanning for multiple documents. Along with outstanding imaging quality and ease-of-use, it effectively delivers top-of-the-class document capture benefits to please the most demanding professional.

ADS-2600W

FEATURES

- 24ppm/48ipm
- 2-sided scanning in a single pass
- 50 sheet Automatic Document Feeder
- 9.3cm colour LCD touchscreen
- Wireless and wired network connectivity
- Scan to USB flash memory, mobile device (Android and iOS) and Cloud service
- Ultrasonic Multi-feed Detection ensures error-free multipage document scanning
- Carrier sheet mode: Plastic pocket for scanning irregular sized or damaged documents
- TWAIN, WIA & ISIS drivers for seamless integration

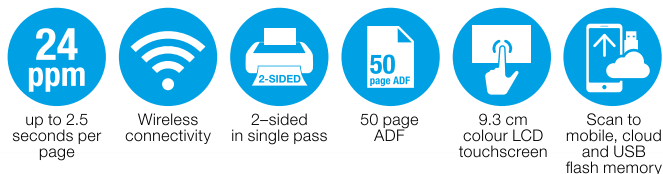

BUNDLED SOFTWARE

Windows:

Nuance™ PaperPort™ 12 SE, Presto! BizCard 6, Control Center 4, Nuance™ PDF Converter Professional 7
