

SUPPLY CHAIN MANAGER

Commercial Supply and Clinical Trials Supply

Do you want to become an active part of bringing Y-mAbs products on the market? Then continue reading.

Y-mAbs is a rapidly growing late-stage clinical biopharmaceutical company focused on the development and commercialization of novel, antibody-based therapeutic products for the treatment of cancer. The company has a broad and advanced product pipeline and got the first product approved by FDA in November 2020, which is expected to be launched early this year.

As Supply Chain Manager at Y-mAbs you will contribute to the clinical trials supply as well as initialising the commercial supply of the second go to market product. You will be responsible for planning and executing the supply of the company's products for commercial launch, forecasting and delivery. You will report to the Director, Commercial Supply.

Your main tasks among others are:

- Handling the order to cash process
- Execute shipments from CMO to clinical sites and hospitals
- Handling the communication during the supply process
- Participate in implementation and maintenance of a track - and - trace set-up with CMOs and distributors
- Contribute to establishing and maintaining the distribution network
- Handling regulatory requirements for distribution of radiopharmaceutical products
- Prepare relevant documents/SOPs

You have experience with shipping and distribution preferably of pharma products from a supply chain management perspective and your experience comes from a shipping or pharmaceutical company. It is an advantage if you have experience working with CMO's and the regulatory aspects of pharma distribution (GDP) in both the US and Europe. Additionally you may also have knowledge with GMP.

You hold a Bachelor Degree or similar within a relevant area and min. 3-years of relevant work experience in the above mentioned field. You speak and write English on a professional level.

You are a person with a strong "can do attitude" and an entrepreneurial mindset. In addition, you are structured and well organized with attention to details and adherence to timelines.

The right candidate appreciates the challenges and opportunities in working in a small rapidly growing company.

Y-mAbs **offers unique and exciting career opportunities** in a young and growing international company with an open and trustful working atmosphere.

Travelling: Approximately 20 days/year

Domicile: Hørsholm
