

Head of Operations for B-Gas A/S in Copenhagen

B-Gas A/S is looking for a Head of Operations to join our team at our new office in Hellerup.

B-Gas A/S is a leading gas vessel owner and operator specialized in the transportation of LPG and Petrochemical gases for oil majors and traders across Europe.

Building on many years of industry experience, we offer state of the art transportation to our customers, and currently operate a fleet of 12 specialized gas carriers trading across time charter, Spot and CoA contracts.

We are looking for a Head of Operations to lead and develop our operations team and in close coordination with the CEO set the strategy for the company's operational excellence and environmental footprint going forward.

You will be responsible for ensuring the safe and efficient operation of our fleet of gas carriers, hereunder optimizing cargo operations, port rotations & vessel performance in close co-operation with the other stakeholders in the business including, agents, brokers, technical managers, and the commercial and technical team of B-Gas.

Your main tasks will be:

- Management, motivation, and development of the operations team.
- Ensure optimal operations of the B-Gas fleet
- Strengthen commercial awareness on fuel optimization
- Set our procedures to monitor vessel performance and reduce emissions

Your skills:

- A shipping background with a minimum of 10 years relevant commercial operational experience. LPG experience is an advantage, but not a requirement.
- Analytical and detail-oriented, coupled with an innovative and hands-on approach.
- Comfortable working in an ever-changing commercial environment, and able to prioritize tasks quickly.
- Possess strong communication skills and have a strong commercial mindset to ensure strong relationship with external partners,

Some travel is expected and it is essential that you have a valid Danish work permit.

We offer a challenging and independent job and a competitive compensation package in an interesting and vibrant working environment.
