## ABOUT THORCO PROJECTS

Since our founding in 2003, we have rapidly established ourselves as an industry leader in project shipping. We deliver innovative and highly efficient transport solutions customized to your individual requirements. We have the expertise across a wide range of business areas essential to help our clients meet their business goals. We operate one of the world's largest MPP fleets. A modern and highly diversified fleet featuring vessels with the necessary lifting capacity to handle unusually large and heavy cargo. The high level of flexibility and reliable performance guaranteed by such a fleet makes us the preferred carrier of choice for global Fortune 500 companies, as well as more local and privately-owned businesses. We handle virtually any type of commodity and are capable of reaching anywhere in the world at any time.

Ingenuity and flexibility are essential to us at THORCO PROJECTS and to the way that we conduct business. When meeting the individual requests of our clients, responding to market trends and when structuring our fleet, offices and organization, we continuously strive to maintain our dynamic approach of conducting business. We find this crucial to offer you the highest possible standards and services at all times and, likewise, to encourage ownership and motivation among our valued employees.
